NOTES ON NEWS OF THE DAY.

THE largest organ in the world is being built in London. It will be put up in Sidney, New South Wales.

THE Knights of Labor object to the ratification of the extradition treaty of the United States with Great Britain.

MAJOR LILLIE, "Pawnee Bill," says he will leave Wichita with 3,000 men to invade Oklahoma early in February.

THE weather in New York state excites interest. Bulletins from various places will be found in our telegraph columns.

ULSTER COUNTY, according to a dispatch published in another column, will be entitled to two additional delegates to the next Republican State Convention.

THE apology of a newspaper printed in Kingston may find a word or two of interest on page 4. The apology's assurance is only equalled by its ignorance and stupidity.

THE action of Germany in Samoan matters shows a grasping and conquest policy and that vigorous attempts will be made to enlarge German empire outside the continent of Europe.

AMONG the seekers of legislation in Nebraska are the gamblers. It is expected before the legislature adjourns a bill will be passed legalizing thimble-rig, bunco and confidence swindlers.

MAJOR J. H. STEWART of Austin, Texas, is in the North collecting money for the National Confederate Home of Texas. The Grand Army men think well of the project and will aid in the work.

THE new Washington Market in New-York city is completed and the event duly celebrated. New York city now has the largest and most handsomely fitted up wholesale market in the world.

THE present is looked upon as about the last fight for the rights of Ireland. T. P. O'Connor, a New York newspaper correspondent, says: "Do let our friends in America remember that we have still to look to them for assistance, moral, material and financial."

THE *Inn Keepers' Journal*, the *Tribune* points out, seems to think that the liquor dealers are not adequately represented on the Excise Commission. However that may be, there is no doubt that they are adequately represented in Albany, where they have a staunch and trusty "friend."

THE birthday of Emperor William was loyally observed throughout the German Empire yesterday. Although the Emperor claims to be in favor of a peaceful administration he took especial pains to eulogize the Guards on the occasion of his birthday and express the hope that they would maintain their glory.

IT is stated that General Boulanger's complaints against his wife, in his petition for divorce, amount substantially to this: "She has dared to have a mind of her own, and has refused to be the slave of my whims." Not much better than Milan Obrenovitch's indictment of his wife, in Paris. And yesterday Boulanger triumphed.

THE last days of the Cabinet of Grover Cleveland will be embittered by a tiff between Secretaries Bayard and Whitney. From all accounts they do not agree on the Samoan matter and one or the other is expected to resign. Great things were expected of Bayard when he was first placed in the Cabinet, but like another man in history, whose name began with B, he has been weighed in the balance and found wanting.

THE work of removing Republicans and doubtful Democrats from positions in the New York Custom House still goes on and is likely to continue till the 4th of March. The alleged reason is a desire to institute reform. The anxiety of the administration to put the business in good order for the next administration would have been more creditable to President Cleveland and Secretary Fairchild if it had begun earlier. There is danger that it will prove too late to cover up the stealings that have been going on for the last four years.

BOULANGER was elected to the French Chamber of Deputies yesterday by 82,000 plurality. The result is surprising; there appeared to be nobody in Paris capable of predicting on Saturday whether the adventurous leader would be successful or not. Politics in France have not yet become subject to such thorough organization and discipline as in the United States, else such a decisive result would have been easily foreshadowed a week ago. France is divided into departments, each of which elects several deputies, very much as if the state of New York elected all of its representatives by departments as large as the judicial districts. When a single vacancy occurs, the whole department votes for the succession. Thus all Paris, which is one department, voted for a single deputy yesterday. And Paris declares for Boulanger by four-sevenths of its total vote. This was all that Boulanger asked for to sustain his assumption as the leader of France. The result looks towards the enlargement of the authority of the President and a corresponding limitation of the power of the National Assembly. And yet it can hardly be called a menace to the restoration of the Empire, for the accomplishment of the utmost extreme of Boulanger's purposes would not extend the President's authority to an equality with that of the executive of the United States. The election passed off so quietly, and the demonstrations that followed a knowledge of the result so good-natured and decorous, that the successful General has established a new claim to the confidence of France. He gathered together the most turbulent elements of the population and wielded them to his purpose with a skill that has not been surpassed since the disappearance of Gambetta. The results, however, are not likely to prove serious. Republican principles are too well grounded in France to be put in peril by this wily but widely distrusted adventurer. Paris is not France, any more than the metropolis at the mouth of the Hudson is the state of New York.

A row of frame buildings, next to the Opera House, was in great danger. The Post-Office near by was consumed. All the mails were removed. The Hotel St. Louis, just across the street, was threatened, and the guests moved out. From the Opera House building State Senator Whiteman was removed in a dazed condition. Many of the tenants lost their effects. The tenants on the ground floor of the Opera House building were Boye & Tolman, druggists; J. T. Condon, furnishing goods; general offices of Wisconsin Central Railroad; W. C. Sargent, coal and wood; Osborne & Frazier, dealers in safes; M. M. Gozer, groceries, and Sieg Levy, wholesale liquors. Up stairs on the first floor were the offices of lumber firms and lawyers, and on the second floor the Chamber of Commerce, music rooms, etc. The Opera House was owned by Munsell & Markell and cost $112,000, insured for $70,000. The total loss will reach $200,000 or more. The front wall of the Opera House fell into the street, but no one was hurt.

CATHOLIC CHURCH DEDICATED

In Baltimore Yesterday—Cardinal Gibbons Spoke About Infidel Sunday School.

By Telegraph to The Freeman.

BALTIMORE, Md., Jan. 28.—At the dedication of the new Catholic Church, St. Paul's, on North-Carolina-street, yesterday, Cardinal Gibbons, in the course of his sermon, said: "We were informed recently by the daily newspapers that a certain anti-Christian Sunday School was organized in this City for the purpose of advocating an infidel doctrine. Several ministers appealed to the municipal authorities to suppress the school. For my part I would be sorry to see the arm of the civil law used toward the suppression of this school. Coercion is not conversion. Our Divine Saviour never had recourse to the arm of the law or the sword in teaching his doctrine. The only weapons we ought to use are the weapons of argument and persuasion in dealing with this school. The only sword I would draw against the enemy of Christ is the sword of Spirit."

Dudley to vacate the order extending the time of the *New-York Times* and *New-York World* to answer his complaint in the action for libel, or at least to limit the time, was denied by Judge Patterson in the Supreme Court to-day. The Judge holds that the orders were properly granted.

REPRESENTATION IN CONVENTIONS.

What a Table Compiled by the "Albany Evening Journal" Shows.

By Telegraph to The Freeman.

ALBANY, Jan. 28.—The Republican State Committee, at the suggestion of Warner Miller, on August 25, 1885, adopted as a basis for future State Conventions, a representation of one delegate from each Assembly district, with one additional delegate for each 1,000 votes or fraction thereof, cast in each Assembly district, for Presidential Electors, at the last election. Applying this rule to the vote cast for Harrison and Morton the *Albany Evening Journal* has completed a table showing the composition of the next State Convention. The table shows that there will be 775 delegates against 808 last year. The increase will be in the following counties: Albany, Broome, Cayuga, Chautauqua, Chenango, Cortland, Delaware, each 1, Erie 4, Franklin, Fulton and Hamilton 1, Herkimer, Jefferson each 1, Kings 15, Livingston 1, Monroe 4, New-York 15, Niagara 1, Oneida 2, Onondaga 3, Ontario, Orange, Oswego 1 each, Queens 3, Rensselaer, Richmond 1 each, St. Lawrence 2, Schenectady, Schoharie, Seneca each 1, Steuben 2, Suffolk, Sullivan, Tioga, Tompkins 1 each, Ulster 2, Washington, Wayne each 1, Westchester 2, Wyoming 1. No county loses a Representative.

THAT BROOKLYN "TIE UP."

It is Rumored this Afternoon that the Strike Of Street Car Drivers Will be "Extended."

By Cable to The Freeman.

PARIS, Jan. 28.—General Boulanger was elected in the Department of the Seine by an overwhelming majority, yesterday.

In consequence of the victory of General Boulanger, yesterday, the Ministry tendered their resignations, this morning, but President Carnot declined to accept. The Republican journals, while admitting the election of Boulanger is a serious reverse, declare it is not sufficient to discourage the party, which must unite more closely against the threatened Cæsarism.

The Monarchist papers assert that the result of the election is a condemnation of the Parliamentary Republic and presage its downfall.

The Boulangist organs emphatically declare that the election is a blow to the Government.

The *Figaro* says at to-day's session of the Chamber of Deputies M. Jouvenal, Radical, will question the Government as to what measures it will adopt to check the spread of Boulangerism. Premier Floquet will reply at length.

Several arrests were made last night, but no serious outbreaks occurred. An election was held yesterday to fill a vacancy in the Chamber of Deputies for the Department of the Cote D' Or. Baray, the Republican candidate, received 25,545 votes, and Prost, Radical, 22,783. Eleven thousand, seven hundred and seven votes were cast for Boulanger.

Some members of the Chamber of Deputies advocate strong anti-Boulangist measures by the Government. They urge that General Campenon be asked to form a Cabinet.

President Carnot held a conference, this morning, with many men prominent in political life. It is the President's intention to calmly await events and to accept all responsibility the situation involves. He will not abandon the Presidency until the expiration of his term. Prime Minister Floquet has decided to resign or to take any other action that the Chamber of Deputies may consider that the interest of the Republic demand.

J. D. FISH'S SENTENCE COMMUTED.

Reasons Given Therefor by President are Advancing Age and Ill Health.

By Telegraph to The Freeman.

WASHINGTON, Jan. 28.—The President has commuted the sentence of James D. Fish, formerly President of the Marine National Bank, of New-York, who was convicted in April, 1885, of misapplying the funds of that bank and sentenced June 27, 1885, to 10 years' imprisonment in the State Prison at Auburn, N. Y., upon the first count of the indictment with the statement that judgment for a like punishment will be entered upon conviction had under 10 other counts of the indictment. The President's endorsement in this case is as follows:

"This convict is 69 years of age. Prior to his conviction he was trusted and respected by all who knew him, and all his dealings and intercouse with his fellow men, both in business and social life, had been such as to secure their confidence and esteem. In the view I take of the application for his pardon there is no occasion to refer to the nature of his offense, nor to comment upon the evidence upon which his conviction rests, further than to suggest that this is a case in which the actual and wilful intents to defraud depend upon influences somewhat uncertain. I have rarely, if ever, seen a petition for Executive clemency signed so numerously as the one presented in this case by citizens of great respectability and business standing. The prisoner, since his conviction, has aided the administration of the criminal law by giving valuable testimony upon the trial of another offender. He has endured his imprisonment thus far with all the fortitude and resignation possible, and has been scrupulously obedient to all prison rules and regulations. Medical proof produced before me fully establishes the fact that, with advanced age and serious disabilities and by reason of his confinement, he is physically and mentally fast failing, and I am satisfied that he will not survive his imprisonment if much longer extended. Every object sought to be obtained by the punishment of crime will be accomplished, in my opinion, by a commutation of the convict's sentence to imprisonment for a term of five years and six months, with allowance of deduction for good conduct. Such commutation is therefore granted."

THE STREET CAR TIE-UP CONTINUES.

Rumors that it will be Extended to New-York City.

By Telegraph to The Freeman.

NEW-YORK, Jan. 28.—Rumors were afloat this morning that several of the surface car lines in this City would be tied up in sympathy with the men on Deacon Richardson's lines in Brooklyn, but up to noon every line was running. There is little probability that the tie-up will extend to this City, at least until the resources of District 75 have been exhausted in Brooklyn. The situation there is very serious. Thousands of the strikers and their sympathizers surround the offices and stables of the Atlantic-avenue lines, and five Italians who were seeking work this morning were severely beaten.

Those who are now receiving a less pension under special acts are to be entitled to the benefit of this act.

NOTES ON NEWS OF THE DAY.

THE largest organ in the world is being built in London. It will be put up in Sidney, New South Wales.

THE Knights of Labor object to the ratification of the extradition treaty of the United States with Great Britain.

MAJOR LILLIE, "Pawnee Bill," says he will leave Wichita with 3,000 men to invade Oklahoma early in February.

THE weather in New York state excites interest. Bulletins from various places will be found in our telegraph columns.

ULSTER COUNTY, according to a dispatch published in another column, will be entitled to two additional delegates to the next Republican State Convention.

THE apology of a newspaper printed in Kingston may find a word or two of interest on page 4. The apology's assurance is only equalled by its ignorance and stupidity.

THE action of Germany in Samoan matters shows a grasping and conquest policy and that vigorous attempts will be made to enlarge German empire outside the continent of Europe.

AMONG the seekers of legislation in Nebraska are the gamblers. It is expected before the legislature adjourns a bill will be passed legalizing thimble-rig, bunco and confidence swindlers.

MAJOR J. H. STEWART of Austin, Texas, is in the North collecting money for the National Confederate Home of Texas. The Grand Army men think well of the project and will aid in the work.

THE new Washington Market in New-York city is completed and the event duly celebrated. New York city now has the largest and most handsomely fitted up wholesale market in the world.

THE present is looked upon as about the last fight for the rights of Ireland. T. P. O'Connor, a New York newspaper correspondent, says: "Do let our friends in America remember that we have still to look to them for assistance, moral, material and financial."

THE *Inn Keepers' Journal*, the *Tribune* points out, seems to think that the liquor dealers are not adequately represented on the Excise Commission. However that may be, there is no doubt that they are adequately represented in Albany, where they have a staunch and trusty "friend."

THE birthday of Emperor William was loyally observed throughout the German Empire yesterday. Although the Emperor claims to be in favor of a peaceful administration he took especial pains to eulogize the Guards on the occasion of his birthday and express the hope that they would maintain their glory.

IT is stated that General Boulanger's complaints against his wife, in his petition for divorce, amount substantially to this: "She has dared to have a mind of her own, and has refused to be the slave of my whims." Not much better than Milan Obrenovitch's indictment of his wife, in Paris. And yesterday Boulanger triumphed.

THE last days of the Cabinet of Grover Cleveland will be embittered by a tiff between Secretaries Bayard and Whitney. From all accounts they do not agree on the Samoan matter and one or the other is expected to resign. Great things were expected of Bayard when he was first placed in the Cabinet, but like another man in history, whose name began with B, he has been weighed in the balance and found wanting.

THE work of removing Republicans and doubtful Democrats from positions in the New York Custom House still goes on and is likely to continue till the 4th of March. The alleged reason is a desire to institute reform. The anxiety of the administration to put the business in good order for the next administration would have been more creditable to President Cleveland and Secretary Fairchild if it had begun earlier. There is danger that it will prove too late to cover up the stealings that have been going on for the last four years.

BOULANGER was elected to the French Chamber of Deputies yesterday by 82,000 plurality. The result is surprising; there appeared to be nobody in Paris capable of predicting on Saturday whether the adventurous leader would be successful or not. Politics in France have not yet become subject to such thorough organization and discipline as in the United States, else such a decisive result would have been easily foreshadowed a week ago. France is divided into departments, each of which elects several deputies, very much as if the state of New York elected all of its representatives by departments as large as the judicial districts. When a single vacancy occurs, the whole department votes for the succession. Thus all Paris, which is one department, voted for a single deputy yesterday. And Paris declares for Boulanger by four-sevenths of its total vote. This was all that Boulanger asked for to sustain his assumption as the leader of France. The result looks towards the enlargement of the authority of the President and a corresponding limitation of the power of the National Assembly. And yet it can hardly be called a menace to the restoration of the Empire, for the accomplishment of the utmost extreme of Boulanger's purposes would not extend the President's authority to an equality with that of the executive of the United States. The election passed off so quietly, and the demonstrations that followed a knowledge of the result so good-natured and decorous, that the successful General has established a new claim to the confidence of France. He gathered together the most turbulent elements of the population and wielded them to his purpose with a skill that has not been surpassed since the disappearance of Gambetta. The results, however, are not likely to prove serious. Republican principles are too well grounded in France to be put in peril by this wily but widely distrusted adventurer. Paris is not France, any more than the metropolis at the mouth of the Hudson is the state of New York.

A row of frame buildings, next to the Opera House, was in great danger. The Post-Office near by was consumed. All the mails were removed. The Hotel St. Louis, just across the street, was threatened, and the guests moved out. From the Opera House building State Senator Whiteman was removed in a dazed condition. Many of the tenants lost their effects. The tenants on the ground floor of the Opera House building were Boye & Tolman, druggists; J. T. Condon, furnishing goods; general offices of Wisconsin Central Railroad; W. C. Sargent, coal and wood; Osborne & Frazier, dealers in safes; M. M. Gozer, groceries, and Sieg Levy, wholesale liquors. Up stairs on the first floor were the offices of lumber firms and lawyers, and on the second floor the Chamber of Commerce, music rooms, etc. The Opera House was owned by Munsell & Markell and cost $112,000, insured for $70,000. The total loss will reach $200,000 or more. The front wall of the Opera House fell into the street, but no one was hurt.

CATHOLIC CHURCH DEDICATED

In Baltimore Yesterday—Cardinal Gibbons Spoke About Infidel Sunday School.

By Telegraph to The Freeman.

BALTIMORE, Md., Jan. 28.—At the dedication of the new Catholic Church, St. Paul's, on North-Carolina-street, yesterday, Cardinal Gibbons, in the course of his sermon, said: "We were informed recently by the daily newspapers that a certain anti-Christian Sunday School was organized in this City for the purpose of advocating an infidel doctrine. Several ministers appealed to the municipal authorities to suppress the school. For my part I would be sorry to see the arm of the civil law used toward the suppression of this school. Coercion is not conversion. Our Divine Saviour never had recourse to the arm of the law or the sword in teaching his doctrine. The only weapons we ought to use are the weapons of argument and persuasion in dealing with this school. The only sword I would draw against the enemy of Christ is the sword of Spirit."

Dudley to vacate the order extending the time of the *New-York Times* and *New-York World* to answer his complaint in the action for libel, or at least to limit the time, was denied by Judge Patterson in the Supreme Court to-day. The Judge holds that the orders were properly granted.

REPRESENTATION IN CONVENTIONS.

What a Table Compiled by the "Albany Evening Journal" Shows.

By Telegraph to The Freeman.

ALBANY, Jan. 28.—The Republican State Committee, at the suggestion of Warner Miller, on August 25, 1885, adopted as a basis for future State Conventions, a representation of one delegate from each Assembly district, with one additional delegate for each 1,000 votes or fraction thereof, cast in each Assembly district, for Presidential Electors, at the last election. Applying this rule to the vote cast for Harrison and Morton the *Albany Evening Journal* has completed a table showing the composition of the next State Convention. The table shows that there will be 775 delegates against 698 last year. The increase will be in the following counties: Albany, Broome, Cayuga, Chautauqua, Chenango, Cortland, Delaware, each 1, Erie 4, Franklin, Fulton and Hamilton 1, Herkimer, Jefferson each 1, Kings 15, Livingston 1, Monroe 4, New-York 15, Niagara 1, Oneida 2, Onondaga 3, Ontario, Orange, Oswego 1 each, Queens 3, Rensselaer, Richmond 1 each, St. Lawrence 2, Schenectady, Schoharie, Seneca each 1, Steuben 2, Suffolk, Sullivan, Tioga, Tompkins 1 each, Ulster 2, Washington, Wayne each 1, Westchester 2, Wyoming 1. THAT BROOKLYN "TIE UP."

It is Rumored this Afternoon that the Strike Of Street Car Drivers Will be "Extended."

By Cable to The Freeman.

PARIS, Jan. 28.—General Boulanger was elected in the Department of the Seine by an overwhelming majority, yesterday.

In consequence of the victory of General Boulanger, yesterday, the Ministry tendered their resignations, this morning, but President Carnot declined to accept. The Republican journals, while admitting the election of Boulanger is a serious reverse, declare it is not sufficient to discourage the party, which must unite more closely against the threatened Cæsarism.

The Monarchist papers assert that the result of the election is a condemnation of the Parliamentary Republic and presage its downfall.

The Boulangist organs emphatically declare that the election is a blow to the Government.

The *Figaro* says at to-day's session of the Chamber of Deputies M. Jouvenal, Radical, will question the Government as to what measures it will adopt to check the spread of Boulangerism. Premier Floquet will reply at length.

Several arrests were made last night, but no serious outbreaks occurred. An election was held yesterday to fill a vacancy in the Chamber of Deputies for the Department of the Cote D' Or. Baray, the Republican candidate, received 25,545 votes, and Prost, Radical, 22,783. Eleven thousand, seven hundred and seven votes were cast for Boulanger.

Some members of the Chamber of Deputies advocate strong anti-Boulangist measures by the Government. They urge that General Campenon be asked to form a Cabinet.

President Carnot held a conference, this morning, with many men prominent in political life. It is the President's intention to calmly await events and to accept all responsibility the situation involves. He will not abandon the Presidency until the expiration of his term. Prime Minister Floquet has decided to resign or to take any other action that the Chamber of Deputies may consider that the interest of the Republic demand.

J. D. FISH'S SENTENCE COMMUTED.

Reasons Given Therefor by President are Advancing Age and Ill Health.

By Telegraph to The Freeman.

WASHINGTON, Jan. 28.—The President has commuted the sentence of James D. Fish, formerly President of the Marine National Bank, of New-York, who was convicted in April, 1885, of misapplying the funds of that bank and sentenced June 27, 1885, to 10 years' imprisonment in the State Prison at Auburn, N. Y., upon the first count of the indictment with the statement that judgment for a like punishment will be entered upon conviction had under 10 other counts of the indictment. The President's endorsement in this case is as follows:

"This convict is 69 years of age. Prior to his conviction he was trusted and respected by all who knew him, and all his dealings and intercouse with his fellow men, both in business and social life, had been such as to secure their confidence and esteem. In the view I take of the application for his pardon there is no occasion to refer to the nature of his offense, nor to comment upon the evidence upon which his conviction rests, further than to suggest that this is a case in which the actual and wilful intents to defraud depend upon influences somewhat uncertain. I have rarely, if ever, seen a petition for Executive clemency signed so numerously as the one presented in this case by citizens of great respectability and business standing. The prisoner, since his conviction, has aided the administration of the criminal law by giving valuable testimony upon the trial of another offender. He has endured his imprisonment thus far with all the fortitude and resignation possible, and has been scrupulously obedient to all prison rules and regulations. Medical proof produced before me fully establishes the fact that, with advanced age and serious disabilities and by reason of his confinement, he is physically and mentally fast failing, and I am satisfied that he will not survive his imprisonment if much longer extended. Every object sought to be obtained by the punishment of crime will be accomplished, in my opinion, by a commutation of the convict's sentence to imprisonment for a term of five years and six months, with allowance of deduction for good conduct. Such commutation is therefore granted."

THE STREET CAR TIE-UP CONTINUES.

Rumors that it will be Extended to New-York City.

By Telegraph to The Freeman.

NEW-YORK, Jan. 28.—Rumors were afloat this morning that several of the surface car lines in this City would be tied up in sympathy with the men on Deacon Richardson's lines in Brooklyn, but up to noon every line was running. There is little probability that the tie-up will extend to this City, at least until the resources of District 75 have been exhausted in Brooklyn. The situation there is very serious. Thousands of the strikers and their sympathizers surround the offices and stables of the Atlantic-avenue lines, and five Italians who were seeking work this morning were severely beaten.

Those who are now receiving a less pension under special acts are to be entitled to the benefit of this act.

THE LIMITATIONS OF FREE SPEECH.

The Chicago courts have decided that men may talk anarchy and threaten dynamite as long as their professions and teachings do not eventuate in acts. To suppress the warriors who fight with their mouths would, it is held, be an infringement of the constitutional and sacred right of free speech. Whether this decision will apply to the Anarchist Sunday schools is a pretty grave question for Chicago and all other parts of the country infested with Anarchist teachers. These schools are attended not only by the children of the people who establish and maintain them, and who quite naturally are supposed to be furnishing similar instruction to their families at home, but by all others who can be induced by proselyting to become pupils. The "waifs," who have no parents responsible for their training, the vicious who have passed beyond parental restraint, and all of that large multitude who would without the aid of these schools graduate in the criminal classes, are attracted, and are being taught that the law is not a thing to be feared but despised, and that by the strengthening of the Anarchist forces it can be broken with impunity. These schools are breeding nests of crime as pernicious as thieves' dens, gambling hells, prize rings and all sorts of disorderly places. To throw around them the protection of law is to give them the very support that they affect to despise, for they teach that government is oppression, that law is slavery, that courts are engines of monopolistic greed, and that the ownership of property is a system of fraud, theft and robbery. It would be strange if our laws should fail to find the means for suppressing these incendiary institutions, destined if unmolested to become the nurseries of a new political party made up of the most vicious and dangerous elements, and sure to find abundance of shrewd and accomplished leaders whose consciences never interfere with any means or policy which would further their ambition to live upon office.

The South has found a way to suppress the Mormon missionaries, and the public sentiment of the country sustains it. If the judicial decision in regard to the Chicago Anarchists is correct, then there is a public sentiment opposed to its practical results strong enough to carry through a constitutional amendment if it is needed. The Anarchists are teaching us that even free speech can become too free, and that it can be placed under certain restrictions to the advantage rather than the injury of every good citizen.

THE WILL OF THE MAJORITY.

The Democratic Philadelphia *Record* is fighting the proposition to establish prohibition in Pennsylvania "as an invasion of personal right to which men will not submit." "Our scheme of government," it declares, "never contemplated such a relinquishment of private judgment to the will of the majority. There are some inalienable rights with which the will of the majority has no business."

This is extraordinary doctrine. It proposes to subvert the decision of that tribunal of last resort, the people, in support of a single interest which is full of pernicious effects because of its law-defying character. A dozen states have placed prohibition laws upon their statute books and are punishing men for violating them. These men are not conceded the right to sell as something "inalienable" when the law decrees that they shall not sell. And really the law does not oppose them. It leaves other vocations open to them which they will be permitted to pursue without molestation.

The opponents of high license, prohibition, and all laws for the regulation of the liquor traffic, are continually confounding the inalienable right to drink with the always conditional right to sell intoxicants. The law does not interfere with the rights of the citizen to drink or even to get drunk, if he does either on his own premises and without offense or injury to the rights of others. But because one man can lawfully get drunk, it is the height of impudence for another to set up the right to sell him the stuff that makes him drunk. The same logic would give one man the right to murder another who had attempted suicide.

The people must decide. If they say that a certain right is not inalienable or shall be forfeited, then it must be forfeited. If Pennsylvania votes for prohibition, as now seems probable, there will be prohibition, and no alleged right of a certain class, "inalienable" or otherwise, will stand in the way. But the right to drink and to get drunk will be as secure as ever, provided it is not permitted to interfere with the rights of others.

AN EASY DISPOSAL OF A CONTEST.

There is a contest over the election of Congressman in the first Indiana district. The Democratic candidate was awarded the certificate of election on a showing of 20 majority, but the Republican candidate charged fraud, and proposed to make a contest in the House. But the resignation of Gen. Hovey, who is now the Governor of the state, creates a vacancy in the present Congress, which is to be filled by a special election. Both of the candidates who ran last fall have been nominated to fill this vacancy, the term of which expires on the 4th of March next. Now these candidates have entered into an agreement that the one who is elected for the short term shall hold the office for the succeeding two years without a contest. This is a cheap and honorable way of settling the matter, and also an indication that the election of a Republican Congress and of Republican state officers in Indiana has placed the Democratic candidate in an accommodating frame of mind. He would never have agreed to put his certificate of election at risk, or run for the vacancy, if Congress and the Indiana Governor were Democratic.

THE CHURCH AND THE REPUBLIC.

Cardinal Gibbons of Baltimore took occasion to "speak his mind" yesterday in reference to the establishment of an anti-Christian Sunday school in that city. He said he would be sorry to see the arm of civil law used to suppress the school. He further said the only sword he would draw against the enemies of Christ was the sword of the Spirit. The Cardinal may be right from his standpoint, but infidelity and anarchy are so closely allied in these modern days that the strong arm of the law will have to be invoked to secure the right to worship God according to the dictates of one's conscience. When infidelity prevails the Christian Sabbath will be lost both as a day for worship and a day for rest. This Republic is founded on a Christian basis, and when the desires of infidels prevail the Republic may not.

—*Washington Critic.*

Another one of Brigham Young's widows has just died. The remainder will furnish occasional paragraphs away over into the next century, the last one dying in the ubiquitous fashion set by George Washington's nurse. It is fortunate for the National Treasury that Brigham didn't take a hand in the late war and get killed for a pension.—*Washington Post.*

Within a few weeks Mr. Cleveland will retire from office, and one of the most singular, and, in a way, interesting careers in American politics will probably come to an end. Is is possible, of course, that in its dearth of leaders and policies the Democratic party may put him forward again in 1892; but judging from the feeling with which he is at present regarded by it, this is not probable. There is little doubt that the great mass of Democrats believe that they owe their defeat to Mr. Cleveland's personal blunders, growing out of his intense egotism and lack of experience in public life. The precedents, so far as they go, are against his success in being either nominated again or elected. Only seven of our Presidents have been re-elected, and in three of these cases—those of Washington, Lincoln and Grant—the circumstances were phenomenal. All were re-elected while in office, and no President has succeeded in regaining the place after having once retired from it. Van Buren, who was defeated for re-election by President Harrison's grandfather, was afterward twice a candidate, once for the nomination and once before the people, but was unsuccessful upon each occasion. No ex-President has ever been renominated by his party after a term of retirement, the nomination of Van Buren in 1848, just referred to, being in fact a bolt, by means of which his own party was defeated.—*New-York Tribune.*

A NEAT REJOINDER.

A witty and attractive young lady asked, "What's the difference between myself and a clock?" "Mademoiselle, the the clock tells the hours and you make us forget them," was the reply. The effects following the use of Tutt's Liver Pills is to make one forget the hours of suffering following dyspepsia, deranged liver and biliousness. "Go on with your good work, and may God bless you," says J. W. Tibbatts, of Dakota, Minn., in a recent letter to Dr. Tutt.

"There are moments when silence prolonged and unbroken
More expressive may be than all words ever spoken."

Look at that wan and wasted woman, once the picture of health, now so pallid. She cannot begin to tell her sufferings, but as from day to day she goes through the house, attending to her many cares, her attenuated form, her white face, her stooping shoulders, her pinched features, all tell that she is a silent martyr to disease. Her once cherry voice is seldom heard, but her silence tells her sufferings more than words can do. O! ye silent, sorrowing, suffering, sisters, there is a cure for your troubles; Dr. Pierce's Favorite Prescription is a sovereign remedy for the derangements and maladies peculiar to your sex. As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, semstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, "Favorite Prescription" is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

ADVICE TO MOTHERS

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. Its value is incalculable. It will relieve the poor little suffer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

THE LIMITATIONS OF FREE SPEECH.

The Chicago courts have decided that men may talk anarchy and threaten dynamite as long as their professions and teachings do not eventuate in acts. To suppress the warriors who fight with their mouths would, it is held, be an infringement of the constitutional and sacred right of free speech. Whether this decision will apply to the Anarchist Sunday schools is a pretty grave question for Chicago and all other parts of the country infested with Anarchist teachers. These schools are attended not only by the children of the people who establish and maintain them, and who quite naturally are supposed to be furnishing similar instruction to their families at home, but by all others who can be induced by proselyting to become pupils. The "waifs," who have no parents responsible for their training, the vicious who have passed beyond parental restraint, and all of that large multitude who would without the aid of these schools graduate in the criminal classes, are attracted, and are being taught that the law is not a thing to be feared but despised, and that by the strengthening of the Anarchist forces it can be broken with impunity. These schools are breeding nests of crime as pernicious as thieves' dens, gambling hells, prize rings and all sorts of disorderly places. To throw around them the protection of law is to give them the very support that they affect to despise, for they teach that government is oppression, that law is slavery, that courts are engines of monopolistic greed, and that the ownership of property is a system of fraud, theft and robbery. It would be strange if our laws should fail to find the means for suppressing these incendiary institutions, destined if unmolested to become the nurseries of a new political party made up of the most vicious and dangerous elements, and sure to find abundance of shrewd and accomplished leaders whose consciences never interfere with any means or policy which would further their ambition to live upon office.

The South has found a way to suppress the Mormon missionaries, and the public sentiment of the country sustains it. If the judicial decision in regard to the Chicago Anarchists is correct, then there is a public sentiment opposed to its practical results strong enough to carry through a constitutional amendment if it is needed. The Anarchists are teaching us that even free speech can become too free, and that it can be placed under certain restrictions to the advantage rather than the injury of every good citizen.

THE WILL OF THE MAJORITY.

The Democratic Philadelphia *Record* is fighting the proposition to establish prohibition in Pennsylvania "as an invasion of personal right to which men will not submit." "Our scheme of government," it declares, "never contemplated such a relinquishment of private judgment to the will of the majority. There are some inalienable rights with which the will of the majority has no business."

This is extraordinary doctrine. It proposes to subvert the decision of that tribunal of last resort, the people, in support of a single interest which is full of pernicious effects because of its law-defying character. A dozen states have placed prohibition laws upon their statute books and are punishing men for violating them. These men are not conceded the right to sell as something "inalienable" when the law decrees that they shall not sell. And really the law does not oppose them. It leaves other vocations open to them which they will be permitted to pursue without molestation.

The opponents of high license, prohibition, and all laws for the regulation of the liquor traffic, are continually confounding the inalienable right to drink with the always conditional right to sell intoxicants. The law does not interfere with the rights of the citizen to drink or even to get drunk, if he does either on his own premises and without offense or injury to the rights of others. But because one man can lawfully get drunk, it is the height of impudence for another to set up the right to sell him the stuff that makes him drunk. The same logic would give one man the right to murder another who had attempted suicide.

The people must decide. If they say that a certain right is not inalienable or shall be forfeited, then it must be forfeited. If Pennsylvania votes for prohibition, as now seems probable, there will be prohibition, and no alleged right of a certain class, "inalienable" or otherwise, will stand in the way. But the right to drink and to get drunk will be as secure as ever, provided it is not permitted to interfere with the rights of others.

AN EASY DISPOSAL OF A CONTEST.

There is a contest over the election of Congressman in the first Indiana district. The Democratic candidate was awarded the certificate of election on a showing of 20 majority, but the Republican candidate charged fraud, and proposed to make a contest in the House. But the resignation of Gen. Hovey, who is now the Governor of the state, creates a vacancy in the present Congress, which is to be filled by a special election. Both of the candidates who ran last fall have been nominated to fill this vacancy, the term of which expires on the 4th of March next. Now these candidates have entered into an agreement that the one who is elected for the short term shall hold the office for the succeeding two years without a contest. This is a cheap and honorable way of settling the matter, and also an indication that the election of a Republican Congress and of Republican state officers in Indiana has placed the Democratic candidate in an accommodating frame of mind. He would never have agreed to put his certificate of election at risk, or run for the vacancy, if Congress and the Indiana Governor were Democratic.

THE CHURCH AND THE REPUBLIC.

Cardinal Gibbons of Baltimore took occasion to "speak his mind" yesterday in reference to the establishment of an anti-Christian Sunday school in that city. He said he would be sorry to see the arm of civil law used to suppress the school. He further said the only sword he would draw against the enemies of Christ was the sword of the Spirit. The Cardinal may be right from his standpoint, but infidelity and anarchy are so closely allied in these modern days that the strong arm of the law will have to be invoked to secure the right to worship God according to the dictates of one's conscience. When infidelity prevails the Christian Sabbath will be lost both as a day for worship and a day for rest. This Republic is founded on a Christian basis, and when the desires of infidels prevail the Republic may not.

—*Washington Critic.*

Another one of Brigham Young's widows has just died. The remainder will furnish occasional paragraphs away over into the next century, the last one dying in the ubiquitous fashion set by George Washington's nurse. It is fortunate for the National Treasury that Brigham didn't take a hand in the late war and get killed for a pension.—*Washington Post.*

Within a few weeks Mr. Cleveland will retire from office, and one of the most singular, and, in a way, interesting careers in American politics will probably come to an end. Is possible, of course, that in its dearth of leaders and policies the Democratic party may put him forward again in 1892; but judging from the feeling with which he is at present regarded by it, this is not probable. There is little doubt that the great mass of Democrats believe that they owe their defeat to Mr. Cleveland's personal blunders, growing out of his intense egotism and lack of experience in public life. The precedents, so far as they go, are against his success in being either nominated again or elected. Only seven of our Presidents have been re-elected, and in three of these cases—those of Washington, Lincoln and Grant—the circumstances were phenomenal. All were re-elected while in office, and no President has succeeded in regaining the place after having once retired from it. Van Buren, who was defeated for re-election by President Harrison's grandfather, was afterward twice a candidate, once for the nomination and once before the people, but was unsuccessful upon each occasion. No ex-President has ever been renominated by his party after a term of retirement, the nomination of Van Buren in 1848, just referred to, being in fact a bolt, by means of which his own party was defeated.—*New-York Tribune.*

SPECIAL BUSINESS NOTICES.

An errand boy in a Philadelphia fancy store has just been left $500,000, but it is thought he will die partly of consumption. There is nothing better for your children that are daily exposed than a spoonful or two of Dr. Bull's Cough Syrup.

THE REV. GEO. H. THAYER, of Bourbon, Ind. says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Frederick J. R. Clark.

PERSONAL.

Mr. N. H. Frohlichstein, of Mobile, Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of Bronchitis and Catarrh. It gave me instant relief and cured me, and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend.

Dr. King's New Discovery for Consumption, Coughs and Colds is sold on a positive guarantee.

SHILOH'S VITALIZER is what you need for Constipation, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle For sale by F. J. R. Clarke, Kingston.

RHEUMATISM

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips and wrist. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

POSITIVELY UGLY FACES

Can be made clear and attractive. Those horrid pimples and blotches can be removed by one application of Hop Ointment. Never fails. Take no other. 25 cents, at druggists, or mail stamps to the Hop Co., New-London, Conn.

PILES! PILES! ITCHING PILES.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cent. Dr. Swayne & Son, Philadelphia.

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by F. J. R. Clarke, Kingston.

A LUCKY MAN.

Mr. Lyman Crawford, Druggist, of Springfield, Mass., says: For years I was afflicted with kidney disease in its worst form, and I state, with a perfect recollection of all that was done for me, that Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., gave me permanent relief.

If your druggist does not keep the medicine, address the proprietor, Rondout, N. Y.

A NEAT REJOINDER.

A witty and attractive young lady asked, "What's the difference between myself and a clock?" "Mademoiselle, the the clock tells the hours and you make us forget them," was the reply. The effects following the use of Tutt's Liver Pills is to make one forget the hours of suffering following dyspepsia, deranged liver and biliousness. "Go on with your good work, and may God bless you," says J. W. Tibbatts, of Dakota, Minn., in a recent letter to Dr. Tutt.

"There are moments when silence prolonged and unbroken
More expressive may be than all words ever spoken."

Look at that wan and wasted woman, once the picture of health, now so pallid. She cannot begin to tell her sufferings, but as from day to day she goes through the house, attending to her many cares, her attenuated form, her white face, her stooping shoulders, her pinched features, all tell that she is a silent martyr to disease. Her once cherry voice is seldom heard, but her silence tells her sufferings more than words can do. O! ye silent, sorrowing, suffering, sisters, there is a cure for your troubles; Dr. Pierce's Favorite Prescription is a sovereign remedy for the derangements and maladies peculiar to your sex. As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, semstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, "Favorite Prescription" is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

ADVICE TO MOTHERS

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. Its value is incalculable. It will relieve the poor little suffer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

★ BRIGHT'S DISEASE. ★

A Ten-Year-Old Child Saved After the Failure of Four Physicians.

My little girl, ten years of age, was taken sick in March, 1888, with scarlet fever. When recovering she took a severe cold, which developed Bright's Disease of the Kidneys. Her ankles, feet and eyes were terribly swollen, she had a burning fever, and all the symptoms of an aggravated case of Bright's Disease. Four of our best physicians attended her, but without success, and

Her Life was Despaired of.

But a mother's love and prayers surmount all difficulties, and I determined to try Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. This was a last resort, and I hoped, although my little daughter's case was a very severe one, that the Favorite Remedy would do for her what it had done for others whose condition had not been, seemingly, as hopeless. How happy I am that I determined upon this course—for an improvement was at once perceptible. The fever left her—her appetite improved—she gained six pounds in a short time, and one by one the well known and dreaded symptoms of the disease left her. Words fail to express my gratitude and I cannot too earnestly recommend the Favorite Remedy. It was

A MARVELOUS RECOVERY

and is due entirely to the Favorite Remedy, which was the only medicine taken after her case was abandoned by the physicians.

Mrs. Laura A. Kempton, West Rutland, Vermont.

The diseases that follow Scarlet Fever, Measles, Diphtheria and various other complaints often leave behind them sequellas of the most obstinate and dangerous character. To expel all traces of such disorders, tone up the various organs, and fill the veins with pure and nutritious blood, use

Passed December 7, 1888.

FIRST. That there be borrowed on the credit of the County the sum of fifty thousand dollars ($50,000), and that bonds of the County of Ulster be issued therefor and sold in the form and manner hereinafter provided, and that the proceeds of said bonds be used in the payment of fifty thousand dollars of the bonds of said County falling due on March 1st, 1889.

SECOND. That said bonds shall be issued and signed by the Treasurer of Ulster County in the name of said county and shall be countersigned by the Chairman of the Board of Supervisors thereof, and each of said bonds shall bear the seal of said county and shall be issued in amounts or denominations severally as the said Treasurer and Chairman shall deem best.

Such bonds shall be in the same general form as was used in the bonds issued in pursuance of a resolution of this Board adopted February 8th, 1884, except as modified hereby, and shall bear interest at the rate of 3 per centum, payable annually at the office of said County Treasurer on the first day of March in each and every year until the principal sum of said bonds shall become due, which interest shall be payable on the presentation and surrender of the respective coupons for each year, attached to said bonds. The interest on said bonds shall cease at their maturity. That said bonds shall be due and payable on the 1st day of March, in the year one thousand nine hundred, at the office of the said County Treasurer. Said bonds shall bear date and draw interest from March 1st, 1889.

THIRD. The said County Treasurer shall sell said bonds at public auction at the Court House, in the City of Kingston, in said County, on the third Tuesday of February, 1889, and shall receive the proceeds of such sale, provided, however, that said bonds shall not be sold for less than par. And said Treasurer shall immediately cancel all such bonds as shall be paid, retaining the same in his possession, in good order, for examination and review; and he shall make and file a verified certificate in the office of the County Clerk of said county, showing the number and amounts of the bonds so cancelled, and of the new bonds issued.

FIFTH. Said County Treasurer shall receive proposals for engraving and printing such bonds, and shall let the same to the lowest responsible bidder, and the expense of engraving, printing and advertising shall be paid by said Treasurer.

SIXTH. The said County Treasurer before issuing and selling said bonds, shall execute his bond in the penal sum of one hundred thousand dollars, with sufficient sureties, conditioned for the faithful performance of his duty in the issue of said bonds and the lawful application of the funds arising therefrom, and the full accounting thereof, and of the funds which may be raised by tax for the payment thereof, which may come into his hands annually, to the Board of Supervisors, or at his option, to procure the assent in writing under the hands and seals of the sureties on his official bond to the additional responsibility or liability hereby imposed on such Treasurer, such assent to be in the form heretofore used in such cases.

SEVENTH. The Board of Supervisors of Ulster County shall cause to be levied by tax upon the taxable property of said county and collected and paid annually such sums as may be necessary to pay the interest on such bonds, and shall in like manner cause such sums as may be necessary to pay the principal sum of said bonds when the same shall become due, and the said County Treasurer shall apply the money so collected and paid to the payment of said principal and interest.

SPEECH OF KING HUMBERT, OF ITALY.

He Says the Policy of His Country Will Continue Peaceful.

By Cable to The Freeman.

ROME, Jan. 28.—Parliament was opened to-day by King Humbert. In his speech the King alluded to the bills which would be introduced by the Government as eminently pacific. Peace, he declared, should nevertheless be safe-guarded by the necessary forces. Otherwise the Government would betray the country. The demonstrations made during his visit to the Province of Romagua gave fresh proof of the people's affection for the Royal House. The visit of the Emperor of Germany has proved the depth of Germany's attachment to Italy. In conclusion the King said: "Italy will continue to work for peace, which all desire, and which I can declare will be kept by us."

STRIKE IN WASHINGTON TERRITORY.

Military Protection Asked by a Superintendent of Mines; Request Granted.

By Telegraph to The Freeman.

ELLENSBURG, W. T., Jan. 28.—Sheriff Backwood has received a message from Superintendent Roslyn, of the coal mines, requesting him to furnish protection to 45 new miners who will arrive from Illinois to day. It was the intention to bring 390 men in one train, arming them all, and thus be able to cope with the discharged men. The Sheriff will take a force of 75 men to do guard duty, and if necessary will call on the militia.

INFERNAL MACHINE ON HIS DOOR KNOB

The Life of the Mayor of Oswego in Danger, This Morning.

By Telegraph to The Freeman.

OSWEGO, Jan. 28.—This morning, Mayor H. D. McCaffrey found an infernal machine attached to the knob of his office door, in the City Hall. The machine failed to explode. When opened it was found to contain springs and wires connecting with two large cartridges filled with an explosive. Mayor McCaffrey says he is at a loss to know who it is that wishes to destroy him. The matter was referred to the police.

A Dangerous Plaything.

By Telegraph to The Freeman.

CHICAGO, Jan. 28.—Charles Owen, aged eight, went to a neighbor's house, yesterday, to play with William and Alfred Marks. William, who is 15 years of age, got his father's revolver, and, as he supposed, removed all the cartridges. He then put the muzzle to the Owen boy's head and pulled the trigger. Charles fell dead with a bullet in his brain.

Journalistic.

[From an Exchange.]

When we are thinking of the great city papers and of the influence they exert, we are apt to overlook the important place occupied by the country newspaper—the local news-gatherer of our villages and small cities. It has come to be a habit in some circles to look on the life of a country editor as thrown away, or at best only partially successful. Of the things that make the village paper seem an undesirable field for work perhaps the chief is lack of circulation and "a consequent reducing of one's powers to the level of the circulation," as one writer has said. True, lack of circulation is a drawback in more ways than one, but it is no excuse for the withholding of one's powers in the make-up of the paper. People who live in the country have minds just the same as those who live in a city; and we have every reason to suppose that they appreciate a good thing when they see it, just as their city cousins do. If they do not, why do live, breezey country papers always have so much larger circulation than those that are sleepy and merely give the news without comment? The American public admire pugnacity. The people like a paper that is no respector of persons, but hits right and left, and they often desire the petty personalities which it is wrong for any paper to print. Bold opinions, boldly advocatad, always attract appreciative audiences, and the more of this quality of boldness a country editor possesses the larger will the paper's circulation be.

MORE CABINET MAKING.

SOME CONJECTURES TELEGRAPHED FROM THE NATION'S CAPITAL.

The Names for Places Prominently Mentioned are Blaine, Allison, Alger, Wannamaker and Estee—General Harrison Silent.

By Telegraph to The Freeman.

WASHINGTON, Jan. 28.—A party of Senators, in discussing Cabinet matters, yesterday, said the key to the whole position in the construction of the Cabinet now lies in the result of the conference between General Harrison and Senator Allison. If he accepts the Treasury portfolio, as the President-elect is anxious he should, the remaining personnel can be adjusted very speedily; for the reason, as is known that the selections for the other places have been practically settled. In this event Blaine will be Secretary of State, Allison Secretary of the Treasury, Alger Secretary of War, Wannamaker Secretary of the Navy and Estee or Swift, of California, Secretary of the Interior. A Southern man will be selected, possibly, for Attorney General, leaving the Post-Office and the Agricultural Departments to be disposed of from New-York or Ohio.

J. G. Blaine and wife are keeping very quiet. Mrs. Blaine has declined all invitations to go out to dine. The ex-Secretary, however, has made his appearance at several receptions, and has accepted a number of invitations to dinner. Mrs. Blaine, like Mr. Blaine, is the picture of health, and visits a few old friends. She is not at home formally, but receives her intimate friends when they call.

Confessed He was a White Cap.

By Telegraph to The Freeman.

BLOOMINGTON, Ills., Jan. 28.—Patrick O'Connell was arrested here last night while mailing a threatening letter. He confessed that he and three other men had been operating as White Caps. All the parties were arrested. Two of the prisoners are old offenders, each having a suspended penitentiary sentence hanging over his head.

Spurgeon's Health Improving.

By Cable to The Freeman.

LONDON, Jan. 28.—The Rev. Charles H. Spurgeon, who has been ill for some time and who went to the south of France for the benefit of his health, writes that he hopes to resume his duties by the middle of February.

SPECIAL BUSINESS NOTICES.

Sound Advice- We conscientiously recommend our readers to try Salvation Oil in all cases of rheumatism. Sold by all druggists for 25 cents a bottle.

THOSE WHOSE BUSINESS

Oblige them to travel, and who labor more or less under Chronic, Consumptive, or Bronchial Coughs, should not fail to carry with them a bottle of Dr. David Kennedy's Cherry Balsam, taking it occasionally in small doses as they may feel the need. The cough will abate almost on the instant, and the breathing and expectoration become more easy and free. It sooths any sense of irritation that may exist, subdues inflammation or soreness in the lungs, throat and air passages, and prevents attacks which are always embarrassing, and may prove serious during an absence from home. No other preparation offered to the public possesses anything like the power of this one over these common and dangerous complaints. Dr. Kennedy, whose high standing in the profession is well known, strongly recommends it from the standpoint of a physician—a fact to which the people will attach the importance it demands.

"THAT DIABOLICAL APPARATUS, the stomach," is the energetic phrase which Carlyle applied to his own troublesome organ of digestion. The great essayist was a dyspeptic from his youth; but had he used Dr. Pierce's Pleasant Purgative Pellets he might have shaken off the incubus of indigestion, "like a dewdrop from a lion's mane," and there would have been more "sweetness and light" in his writings and his home. All druggists; 25 cents a vial.

I have been a great sufferer from catarrh for over ten years; had it very bad, could hardly breathe. Some nights I could not sleep—had to walk the floor. I purchased Ely's Cream Balm and am using it freely, it is working a cure surely. I have advised several friends to use it, and with happy results in every case. It is the one medicine above all others to cure catarrh, and it is worth its weight in gold. I thank God I have found a remedy I can use with safety and that does all that is claimed for it. It is curing my deafness.—B. W. Sperry, Hartford, Conn.

★ BRIGHT'S DISEASE. ★

A Ten-Year-Old Child Saved After the Failure of Four Physicians.

My little girl, ten years of age, was taken sick in March, 1888, with scarlet fever. When recovering she took a severe cold, which developed Bright's Disease of the Kidneys. Her ankles, feet and eyes were terribly swollen, she had a burning fever, and all the symptoms of an aggravated case of Bright's Disease. Four of our best physicians attended her, but without success, and

Her Life was Despaired of.

But a mother's love and prayers surmount all difficulties, and I determined to try Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. This was a last resort, and I hoped, although my little daughter's case was a very severe one, that the Favorite Remedy would do for her what it had done for others whose condition had not been, seemingly, as hopeless. How happy I am that I determined upon this course—for an improvement was at once perceptible. The fever left her—her appetite improved—she gained six pounds in a short time, and one by one the well known and dreaded symptoms of the disease left her. Words fail to express my gratitude and I cannot too earnestly recommend the Favorite Remedy. It was

A MARVELOUS RECOVERY

and is due entirely to the Favorite Remedy, which was the only medicine taken after her case was abandoned by the physicians.

Mrs. Laura A. Kempton, West Rutland, Vermont.

The diseases that follow Scarlet Fever, Measles, Diphtheria and various other complaints often leave behind them sequellas of the most obstinate and dangerous character. To expel all traces of such disorders, tone up the various organs, and fill the veins with pure and nutritious blood, use

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy **PALMETTO**, which is safe, sure, and speedy in curing the worst case of female weakness.

Passed December 7, 1888.

FIRST. That there be borrowed on the credit of the County the sum of fifty thousand dollars ($50,000), and that bonds of the County of Ulster be issued therefor and sold in the form and manner hereinafter provided, and that the proceeds of said bonds be used in the payment of fifty thousand dollars of the bonds of said County falling due on March 1st, 1889.

SECOND. That said bonds shall be issued and signed by the Treasurer of Ulster County in the name of said county and shall be countersigned by the Chairman of the Board of Supervisors thereof, and each of said bonds shall bear the seal of said county and shall be issued in amounts or denominations severally as the said Treasurer and Chairman shall deem best.

Such bonds shall be in the same general form as was used in the bonds issued in pursuance of a resolution of this Board adopted February 8th, 1884, except as modified hereby, and shall bear interest at the rate of 3 per centum, payable annually at the office of said County Treasurer on the first day of March in each and every year until the principal sum of said bonds shall become due, which interest shall be payable on the presentation and surrender of the respective coupons for each year, attached to said bonds. The interest on said bonds shall cease at their maturity. That said bonds shall be due and payable on the 1st day of March, in the year one thousand nine hundred, at the office of the said County Treasurer. Said bonds shall bear date and draw interest from March 1st, 1889.

THIRD. The said County Treasurer shall sell said bonds at public auction at the Court House, in the City of Kingston, in said County, on the third Tuesday of February, 1889, and shall receive the proceeds of such sale, provided, however, that said bonds shall not be sold for less than par. Notice of the time and place of such sale shall be given by advertising the same in the Kingston Leader and Kingston Freeman for three successive weeks immediately preceding the day of such sale.

FOURTH. The moneys arising from the sale of the new bonds as herein provided for, shall be applied to the payment and satisfaction of the bonds falling due as aforesaid, and any surplus arising from such sale shall be placed by said Treasurer to the credit of the County of Ulster. And said Treasurer shall immediately cancel all such bonds as shall be paid, retaining the same in his possession, in good order, for examination and review; and he shall make and file a verified certificate in the office of the County Clerk of said county, showing the number and amounts of the bonds so cancelled, and of the new bonds issued.

FIFTH. Said County Treasurer shall receive proposals for engraving and printing such bonds, and shall let the same to the lowest responsible bidder, and the expense of engraving, printing and advertising shall be paid by said Treasurer.

SIXTH. The said County Treasurer before issuing and selling said bonds, shall execute his bond in the penal sum of one hundred thousand dollars, with sufficient sureties, conditioned for the faithful performance of his duty in the issue of said bonds and the lawful application of the funds arising therefrom, and the full accounting thereof, and of the funds which may be raised by tax for the payment thereof, which may come into his hands annually, to the Board of Supervisors, or at his option, to procure the assent in writing under the hands and seals of the sureties on his official bond to the additional responsibility or liability hereby imposed on such Treasurer, such assent to be in the form heretofore used in such cases.

SEVENTH. The Board of Supervisors of Ulster County shall cause to be levied by tax upon the taxable property of said county and collected and paid annually such sums as may be necessary to pay the interest on such bonds, and shall in like manner cause such sums as may be necessary to pay the principal sum of said bonds when the same shall become due, and the said County Treasurer shall apply the money so collected and paid to the payment of said principal and interest.

Pursuant to the directions of Chapter 482 of the Laws of 1875, we do hereby certify that the foregoing is a correct copy of An Act passed by the Board of Supervisors of Ulster County at their annual session in the year 1888, a majority of all members of the Board voting in favor of the passage of the same.

SPEECH OF KING HUMBERT, OF ITALY.

He Says the Policy of His Country Will Continue Peaceful.

By Cable to The Freeman.

ROME, Jan. 28.—Parliament was opened to-day by King Humbert. In his speech the King alluded to the bills which would be introduced by the Government as eminently pacific. Peace, he declared, should nevertheless be safe-guarded by the necessary forces. Otherwise the Government would betray the country. The demonstrations made during his visit to the Province of Romagna gave fresh proof of the people's affection for the Royal House. The visit of the Emperor of Germany has proved the depth of Germany's attachment to Italy. In conclusion the King said: "Italy will continue to work for peace, which all desire, and which I can declare will be kept by us."

ELLENSBURG, W. T., Jan. 28.—Sheriff Backwood has received a message from Superintendent Roslyn, of the coal mines, requesting him to furnish protection to 45 new miners who will arrive from Illinois to day. It was the intention to bring 390 men in one train, arming them all, and thus be able to cope with the discharged men. The Sheriff will take a force of 75 men to do guard duty, and if necessary will call on the militia.

INFERNAL MACHINE ON HIS DOOR KNOB

The Life of the Mayor of Oswego in Danger, This Morning.

By Telegraph to The Freeman.

OSWEGO, Jan. 28.—This morning, Mayor H. D. McCaffrey found an infernal machine attached to the knob of his office door, in the City Hall. The machine failed to explode. When opened it was found to contain springs and wires connecting with two large cartridges filled with an explosive. Mayor McCaffrey says he is at a loss to know who it is that wishes to destroy him. The matter was referred to the police.

A Dangerous Plaything.

By Telegraph to The Freeman.

CHICAGO, Jan. 28.—Charles Owen, aged eight, went to a neighbor's house, yesterday, to play with William and Alfred Marks. William, who is 15 years of age, got his father's revolver, and, as he supposed, removed all the cartridges. He then put the muzzle to the Owen boy's head and pulled the trigger. Charles fell dead with a bullet in his brain.

Journalistic.

[From an Exchange.]

When we are thinking of the great city papers and of the influence they exert, we are apt to overlook the important place occupied by the country newspaper—the local news-gatherer of our villages and small cities. It has come to be a habit in some circles to look on the life of a country editor as thrown away, or at best only partially successful. Of the things that make the village paper seem an undesirable field for work perhaps the chief is lack of circulation and "a consequent reducing of one's powers to the level of the circulation," as one writer has said. True, lack of circulation is a drawback in more ways than one, but it is no excuse for the withholding of one's powers in the make-up of the paper. People who live in the country have minds just the same as those who live in a city; and we have every reason to suppose that they appreciate a good thing when they see it, just as their city cousins do. If they do not, why do live, breezey country papers always have so much larger circulation than those that are sleepy and merely give the news without comment? The American public admire pugnacity. The people like a paper that is no respector of persons, but hits right and left, and they often desire the petty personalities which it is wrong for any paper to print. Bold opinions, boldly advocatad, always attract appreciative audiences, and the more of this quality of boldness a country editor possesses the larger will the paper's circulation be.

MORE CABINET MAKING.

SOME CONJECTURES TELEGRAPHED FROM THE NATION'S CAPITAL.

The Names for Places Prominently Mentioned are Blaine, Allison, Alger, Wannamaker and Estee—General Harrison Silent.

By Telegraph to The Freeman.

WASHINGTON, Jan. 28.—A party of Senators, in discussing Cabinet matters, yesterday, said the key to the whole position in the construction of the Cabinet now lies in the result of the conference between General Harrison and Senator Allison. If he accepts the Treasury portfolio, as the President-elect is anxious he should, the remaining personnel can be adjusted very speedily; for the reason, as is known that the selections for the other places have been practically settled. In this event Blaine will be Secretary of State, Allison Secretary of the Treasury, Alger Secretary of War, Wannamaker Secretary of the Navy and Estee or Swift, of California, Secretary of the Interior. A Southern man will be selected, possibly, for Attorney General, leaving the Post-Office and the Agricultural Departments to be disposed of from New-York or Ohio.

J. G. Blaine and wife are keeping very quiet. Mrs. Blaine has declined all invitations to go out to dine. The ex-Secretary, however, has made his appearance at several receptions, and has accepted a number of invitations to dinner. Mrs. Blaine, like Mr. Blaine, is the picture of health, and visits a few old friends. She is not at home formally, but receives her intimate friends when they call.

Oblige them to travel, and who labor more or less under Chronic, Consumptive, or Bronchial Coughs, should not fail to carry with them a bottle of Dr. David Kennedy's Cherry Balsam, taking it occasionally in small doses as they may feel the need. The cough will abate almost on the instant, and the breathing and expectoration become more easy and free. It sooths any sense of irritation that may exist, subdues inflammation or soreness in the lungs, throat and air passages, and prevents attacks which are always embarrassing, and may prove serious during an absence from home. No other preparation offered to the public possesses anything like the power of this one over these common and dangerous complaints. Dr. Kennedy, whose high standing in the profession is well known, strongly recommends it from the standpoint of a physician—a fact to which the people will attach the importance it demands.

PASTORS, PEOPLES AND CHURCHES.

News Garnered in the Religious Field in this City and Vicinity.

A baptistry has been built in the Baptist Church, at Liberty, Sullivan County.

There are 60 "converts" as a result of a recent revival in Westbrookville, Sullivan County.

There was a light attendance at the churches in this City, yesterday, on account of the inclement weather.

The Rev. M. E. Ketcham, of Lennox, Mass., will lecture on "The Black Art," at Staatsburgh, to-morrow evening.

At the Young People's prayer service, in St. James M. E. Church, Kingston, last evening, the leader, W. H. Winton, made an address on the subject for prayer: "The Three Great Calls of God."

The annual exercises of the Sunday School scholars at the Synagogue of the Congregation Emanuel, Rondout, yesterday afternoon, despite the inclemency of the weather, was largely attended. The scholars gave recitations in English and in Hebrew. The Rev. D. Wolf, Rabbi, addressed the children and parents. Presents were distributed.

A mission was opened in St. Joseph's Church, Kingston, at 10:30 o'clock on Sunday forenoon, under the auspices of the Jesuit Fathers, of New-York City. The opening sermon was by the Rev. J. Pimmell, of New-York City. At the opening service the Rev. Francis McCarty, of New-York City, preached. There will be services every day this week, as follows: 5 A. M., mass; 6 and 8 o'clock, A. M., mass; 9 A. M., mass, with sermon; 3:30 P. M., service of the Way of the Cross; 7:30 P. M., Rosary, Sermon and Benediction of the Blessed Sacrament. The services will be conducted by the Rev. Fathers Pimmell and McCarthy. The mission will close on Sunday, February 3. A mission under the same auspices will be opened in St. Ann's Church, Sawkill, the out-mission of St. Joseph's on Sunday next.

SAUGERTIES RELIGIOUS NOTES.

The revival meetings in the M. E. Church will be continued. Much interest has been manifested.

Regular preaching services were omitted in nearly all of the churches, last night, owing to the storm.

The two Chinese residents in this village attend the Reformed Sunday School and are taught by the Rev. N. F. Chapman.

SAUGERTIES Y. M. C. A. NOTES.

The members of the Saugerties Young Men's Christian Association held a special meeting in the Glenerie Chapel last night. J. K. Merritt conducted the service, and also made an address at the meeting on Sunday afternoon. His subject was "From Death to Life."

CHRISTIAN WOMEN'S WORK.

Thirty-five members have withdrawn from the Chatham Woman's Christian Temperance Union, on account of the Union adopting the platform of the Prohibition party.

WHAT ICE GATHERERS HAVE TO SAY.

The Outlook for Securing "Crops" is Not Encouraging—Pond Ice Purchased.

Between Rondout and Rhinecliff the Hudson River was as open, this morning, as any day in the summer. Ice men say that the chances for cutting a crop of ice, this winter, are decidedly slim.

A Rockland County man's goose bone predicts 12 inches of solid ice on the Hudson River before spring.

John Avery, of Catskill, has sold his last year's ice crop of nearly 3,000 tons to John Clark, of Yonkers, at $1.50 per ton.

The Silver Lake Ice Company, of Buffalo, is building a large ice house on the banks of Brown Pond, Sullivan County, which it expects to fill.

TRIED TO ROB A U. S. MAIL WAGON.

A Man who has Disappeared From Vicinity of Westbrookville.

The United States mail wagon that passes through Westbrookville village, Sullivan County, was stopped in a lonely locality on "The Mountain" near there, a day or two ago, by a would-be robber.

The driver whacked the foot-pad over the head with a cudgel and then he drove on with the contents of the mail pouches intact.

Since an investigation has been in progress an individual who has resided near there, and whose reputation is not of the best, has left for parts unknown. This fact coupled with the circumstance that he has had a very sore head for a day or two, has given rise to the suspicion that he was the fellow who tried to rob the mail.

THE 14TH SEPARATE COMPANY.

The Home Guards to be Honored, and They and Their Friends to Make Merry.

The entertainment to be given by the members of the Fourteenth Separate Company on Thursday evening, in their Armory, will be one of the principal social events of the present week, and will doubtless attract a large number of the friends of the company.

Marksmen's badges will be presented to members entitled to them—a sharp shooter's badge to Captain John VanEtten and a special company badge to First Sergeant J. S. Payntar. A Guard Mount and Dress Parade will be had, the whole to conclude with dancing in which the company's guests will take part. Goeller's full band and orchestra will be present.

DEPRAVED YOUNGSTERS ARRESTED,

For Using Indecent and Profane Language on the Public Streets of Marlborough.

The village of Marlborough has been greatly exercised, for a day or two, over the fact that two small children have been arrested for using indecent and profane language on the streets there. The result of the new juvenile crusade remains to be seen. The theory that many good people entertain that it is only in very large cities that youngsters air their depravity in public is being shattered.

Educational.

The children of Public School No. 11 enjoyed a sleigh ride Saturday.

A meeting of the Kingston Board of Education will be held to-night.

It is stated that the Rev. Edward Everett Hale wants the United States Government to pension all school teachers who have faithfully served for 50 consecutive years. That generosity would not deplete the Treasury seriously.

A New Boat.

Captain William B. Barnett, of the tug John D. Schoonmaker, contracted with A. McMullen, to-day, for a new tug-boat for use in New-York Harbor. The boiler and engine will be built by McEntee, Rondout. The boat will be about the size of the Schoonmaker. It will be completed May 1.

Industrial.

C. T. Kilbourne, of Hurleyville, expects to cut 2,000 cords of wood, this winter. He employs many men.

The Mount Adam Granite Company, of Warwick, Orange County, has a contract to furnish 1,000,000 paving blocks for the City of Brooklyn.

Real Estate Note.

Nelson Burhans, of Rondout, this forenoon, sold to William Williams, a lot on First-avenue, North-Rondout. The size of the lot is 40x140 feet.

JUST A WORD OR TWO BY THE WAY.

"The Freeman" in a Neighborly Way Refers To a "Steamed Contemporary."

And hence these tears of spleen and anger rise.—*Horace.*

It pains THE FREEMAN to notice that the apology of a morning newspaper printed in Kingston labors under the delusion that this journal has said "something mean" about it. THE FREEMAN could not say anything "mean"—the apology might have found a better word, though syntax and grammar are not its strong points—if it had tried. THE FREEMAN, on the contrary, in a quiet, neighborly way, has pointed out that whenever the apology has left the beaten track of its own exclusive field—the nasty, the bawdy and the vicious side generally of life—it has put its "foot in it." Take the mail service avalanche, for instance.

SOME UNIQUE "PERSONALS."

The apology's personals are a unique feature, and the way the names of judges, jail birds and wantons are "mixed up" shows a due sense of the eternal fitness of things, and is often the cause of many ladies and gentlemen beseeching that their names be "kept out of that paper." Ladies who object to having their names "mixed up" with keepers of low dens, unlicensed gin mill owners, etc., know nothing of the "society" that the apology represents. THE FREEMAN has also, in a neighborly way, pointed out that the apology has the monopoly of the "news field" announcing when cock fights will be held, also when such fights, in its elegant phraseology, "come off."

THE "THANKS DEPARTMENT."

Its "thanks department" has been warmly commended, THE FREEMAN being especially pleased to see that the regulation notice in return for ice cream slops, left over from some church or society entertainment, is a one-quarter of a column. Thanks for cake and grapes average about a stickful. To borrow an editorial expression of the apology, there "are no flies" on it, which, being somewhat freely interpreted, signifies that in its estimation it leads in culture and delicacy of expression.

PUFFING PUGILISTS.

THE FREEMAN has also taken some pains, in a mild way of course, to point out that the apology "takes pride" in giving brutes like Kilrain and Mitchell glowing puffs in advance of giving exhibitions in this City, and that anybody can buy space in its news and editorial columns for any purpose desired, the price being about one and two cents a line respectively.

AMUSING "AMUSEMENT NOTES."

The most striking feature, however, of the "steamed contemporary" aforesaid is its "amusement notes." They are a joy forever to advance agents and managers of such actresses as Modjeska, Rose Coghlan, Rhea and others of that class, who have delighted—"igorant"—the apology probably meant to say ignorant—folks here and hereabout. Usually the bruisers and groggery keepers' organ gives such "shows" three or four lines; but let a crowd of 10 cent freaks come along, who can murder the Queen's English, the canons of good taste and the ethics of the stage, and then the apology fairly bubbles over. A column notice at least is given. Adjectives are heaped on top of adverbs. The parodies of actresses are described as being "away ahead of Mary Anderson" and "women of that class." "Women of that class" is good! It is simply delicious! THE FREEMAN has pasted in parallel columns the notices Modjeska, Rhea and other ladies have received with those given the 10 cent barn stormers who have been here during the past three years, and in a neighborly way has shown them to agents and managers, say of troups like that managed by William Gillette, Abbey, Palmer and others, and these gentlemen have simply been amazed at the wide extent of the apology's, culture, discernment, its knowledge of the eternal fitness of things, and the keen insight it possesses of the relative value of space and news.

RELATIVE VALUE OF SPACE AND MATTER.

It may be noted here, parenthetically as it were, that the relative value of space and matter is the apology's "main hold." If one of its representatives happens to wander into a fair or a saloon and is "handsomely treated," a column is in order the next morning. It makes no difference though there should be 50 matters of interest to the general public that call for notices of say a stickful each, the column puff "must go in." THE FREEMAN in its "igorance" decides day by day how much space it will give to churches, politics, amusements, Hudson River, Kingston City, literary and the other 50 or more departments of news, and then the matter is cut down to the space allotted, despite the fact that this, that or the other reporter or correspondent may have written a column on a given subject. And, by-the-way, it can be stated here and now that under no circumstance is an employe of this newspaper allowed to write up puffs for cigars or drinks or slop over some trivial matter because the Lord only knows who happens to be a speaking acquaintance of his.

ITS FILES AND NASTY CASES.

The apology is at home when it comes to nasty cases. Take its files, and it will be seen that it has made a specialty of giving prominence to reports of petty cases of intoxication in Recorder's Court, fights between corner loafers and puffs of free lunches served in saloons. THE FREEMAN caters to an entirely different class of people—the church-going, the home-loving, the law-abiding, the intelligent and the respectable; and its steadily increasing subscription list shows that the effort to print a pure, high class journal is duly appreciated.

MAD AS A HORNET.

No doubt it galls the apology to notice THE FREEMAN'S news being copied everywhere—nearly 5,000 articles were reprinted in 1888—but it ought not to show its venom so plainly, say as it did this morning, when it gave two-thirds of its entire editorial space to show how "igorant" the contributors of this journal are.

A LAUGHING STOCK.

And, finally, brethren, would THE FREEMAN have the apology one whit better than it is? Hardly. It is the laughing-stock of every trained newspaper man who reads it. The contrast between its news and the news printed in these columns is so markedly in favor of THE FREEMAN that it furnishes source of endless joy and an ever-feeling sense of superiority.

GOOD-BYE.

The top o' the morning to the apology and its word butchers!

A Hint to this City's Board of Health.

The correspondent of THE FREEMAN at Marlborough writes: "The officers of the Board of Health have adopted a measure which demands that all houses wherein any form of contagious disease exists, must be located by the display of a card upon which must be printed the name and character of the disease."

A Runaway in Rondout.

On Saturday night a team of horses attached to a sleigh, filled with boys and girls, ran away on Union-avenue, Rondout. The sleigh collided with a lamp post, and was badly wrecked. The children were thrown on the street on top of one another, but, strange to say, not one was injured.

Of Interest, Perhaps, to Gum Chewers.

A Kingston doctor recently noticed two Kingston girls chewing gum. He said: "It's a wonder that the continuous motion does not produce facial paralysis." It is a fact that a girl in Pennsylvania is suffering from facial paralysis caused by chewing gum and the doctors fear that it will be permanent.

Caught at Last.

A milkman, a Swede, in Little Britain, Orange County, who always "managed" to upset or spill his milk when the Inspectors came around, has been arrested and has paid a fine of $25.

A GOLDEN WEDDING HERE.

A RED LETTER DAY FOR A. O'REILLY AND WIFE, IN RONDOUT.

Services Held in St. Mary's Roman Catholic Church, This Morning—Congratulations From Archbishop Corrigan, Priests and Citizens.

Length of days is spoken of in the Holy Scriptures as one of the rewards, even on this earth, for those who serve God faithfully.—*Archbishop Corrigan.*

Blessings, congratulations and golden souvenirs of friendship and respect were showered upon Andrew O'Reilly and wife, in Rondout, to-day. It is the fiftieth anniversary of their wedding, and the occasion was celebrated in St. Mary's Catholic Church and at the venerable couple's residence on The Strand.

WRECKED IN THE ST. LAWRENCE.

Andrew O'Reilly was born in Ireland in 1814. At the age of 17 years he emigrated to this country. As was stated in these columns on Saturday evening, the vessel on which he sailed was wrecked in the Gulf of St. Lawrence, and all hands on board were drowned, except five passengers and five seamen. Among those who perished were two sisters of Mr. O'Reilly, the eldest of whom had three children, who went down to a watery grave with their arms around their mother. The little party lived on Cranberry Island for five days with nothing to eat but cranberries and raw mutton. They were rescued by the crew of the bark Thames, of London.

SETTLED IN RONDOUT.

After drifting around for a time Mr. O'Reilly finally settled in Rondout and engaged in business. He was successful and accumulated a comfortable competence, which he and his wife are enjoying in their old days. While here Mr. O'Reilly made the acquaintance of Miss Mary O'Reilly. She was born in Ireland and came to Rondout from Portland, Me., when seven years of age. Although bearing the same name the young lady was in no way related to him. Their acquaintance ripened into love, and on January 28, 1839, they were married at the residence of the bride's father, on the corner of Union-avenue and Mill-street, by the Rev. John Smith, a Catholic missionary, who conducted religious services at places along the Hudson River, coming to Rondout once each month for that purpose. The Rev. Mr. Smith's brother was a United States Senator from Maryland. The issue of this union was eight children, five of whom are living—the Rev. John C. O'Reilly, Pastor of a Catholic Church in the Buffalo Diocese; Mary Teresa, a Sister of Charity connected with St. Bridget's Academy, Tenth-street, New-York City; Joseph, who is in business in St. Paul, Minn.; Terrence, who lives in Washington, D. C., and Rosana, wife of Thomas Hickey, of this City.

RECALLING OLD TIMES HERE.

Mr. and Mrs. O'Reilly have always lived happily together. They look back with pleasure on the years that have fled and recall many happy reminiscences. There is probably not another couple in Rondout who have watched the growth of this City for so great a length of time as has Mr. and Mrs. O'Reilly. They can recall the time when Rondout was a mass of sand hills and a portion of Ferry-street and The Strand was a swamp. In those days cow paths were frequently used by people in going from one place to another in the village. Although the march of progress has long since obliterated all this, Mr. O'Reilly's narrative of old times hereabout is interesting.

IN ST. MARY'S CHURCH THIS MORNING.

At 9 o'clock this morning the anniversary services began in St. Mary's Church. There was a large number of people present. Mr. and Mrs. O'Reilly occupied seats near the altar. The Rev. John C. O'Reilly, assisted by the Very Rev. Dean Dougherty, formerly Pastor of St. Joseph's Church, Kingston, attended by two altar boys, celebrated High Mass. The son blessed his father and mother and gave communion to his sister—the Sister of Charity. While this was being done the sun's rays shone brightly through the windows, as if giving promise of a golden future for the aged pair. It was with emotion that Mr. and Mrs. O'Reilly beheld their son, who has consecrated his life for the cause of the Church, pronounce a blessing upon them after a half a century of married life.

A RECEPTION HELD.

At the conclusion of the ceremony a reception was held at the O'Reilly residence. Among the guests were the Very Rev. Dean Dougherty and Sister Elizabeth, of New-York; the Very Rev. P. Prendergast, Pastor of St. Mary's Church; the Rev. Father Jones and the Rev. Father Morris, Assistants, Rondout; T. O'Reilly and wife and Miss M. Brophy, of New-York; Miss B. Rourk and Lewis O'Brien, of Newburgh, three of Mr. O'Reilly's children, and many citizens.

CONGRATULATORY LETTERS.

Congratulatory letters to Mr. and Mrs. O'Reilly were read from persons who were unable to be present, among them being the one from Archbishop Corrigan, which was published in Saturday's FREEMAN. The visiting clergymen and guests shook hands with their aged host and hostess and congratulated them on having lived to celebrate such a rare and auspicious event.

A BANQUET AND PRESENTS.

A banquet was served at their home later on. The presents bestowed on Mr. and Mrs. O'Reilly were many and costly.

THE "GOOD OLD DAYS" IN ULSTER CO.

An Interesting Bill of Sale in the Possession of a Marlborough Man.

The correspondent of THE FREEMAN at Marlborough writes: E. A. Merritt has the original bill of sale of a slave to Josiah Merritt. It reads as follows:

"Know all men by theese presents that I, Joseph Sherwood, of the town of Newburgh, County of Ulster, and State of New-York, for and in consideration of the sum of £20 of current, lawful money, to me in hand paid by Josiah Merritt, of the town of Marlborough, County and State aforesaid, have granted, bargained and sold and by theese presents do grant, bargain and sell unto the said Josiah Merritt one negro girl named 'Syl,' aged 17 years, to have and to hold the said negro unto the said Josiah Merritt and his executors, administrators and assigns for and during the natural life of Her the said girl."

The bill is dated March 28, 1793, and was witnessed by Sarah, Mary and Jacob DeGroot.

How Much "Oleo" is Sold Here?

J. K. Brown, State Dairy Commissioner, has sent notice to boarding house keepers calling their attention to the law against oleomargarine. The stuff is now sent by express from factories outside the State in boxes, barrels and tubs covered with sacking.

Horse Notes.

The snow was soft and "mushy" this afternoon, but fast horses were driven on Albany-avenue, Kingston.

A brood mare, valued at $1,700, was hooked by a bull at Circleville, a few days ago. It may not recover.

LIBELS ON ULSTER COUNTY.

RAINSFORD'S RAVINGS GOING THE ROUNDS OF THE PRESS.

Honest and Industrious People Wilfully Slandered by an Episcopal Church Clergyman who Has Outlived His Usefulness—Some Comment.

The mind charmed by false appearances refuses to admit better things.—*Horace.*

The *New-York Tribune*, of Sunday, prints the following paragraph:

ULSTER COUNTY HAS MANY CHURCHES.

A writer in *Churchman* tells of the heathenism to be found in Ulster County, of this State, among the canal workers and quarrymen. But what he says of this section may be said in a measure of every section of the country. The fact of the matter is that the churches must make an aggressive fight all the time if they expect to retain even the nominal allegiance of the people. These Ulster County heathen are what they are simply because they have been overlooked by the churches until they are humanly past redemption. When you hear a church member declaring that the gospel is so potent that it can make its way to the hearts of men without human effort, you may be pretty sure that that man doesn't yet understand either religion or human nature. People sometimes wonder what is the necessity for so many services and sermons, and so much talk about religion. The fact is that in this way only can the churches beat back the paganism and animalism which are always ready to overthrow our dearly-bought civilization. Aside altogether from its spiritual character, Christianity is the guardian and preserver of our social life, and on this ground, to take no higher, it is the duty of every good citizen to aid it in its work. Instead of building jails for the lawless heathen in its borders, and hiring men to put them in, I think it would be much cheaper for Ulster County to pay the churches liberally to convert them. They should do it without pay, you say. I suppose even Paul the Apostle had to pay his fare when he traveled, though he was always willing to work, and I imagine he kept a pretty sharp lookout on the other saints to see that they didn't shirk their pecuniary obligations. In the apostolic days as well as now the people were called on to support the Church, and their liberality in this respect was one of the causes of its success.

HAS OUTLIVED HIS USEFULNESS.

As already stated in THE FREEMAN, the article in the *Churchman* was written by one Rainsford, an Episcopal Church clergyman who has out-lived his usefulness. If the vilest sinner in Ulster County has less conscience than Rainsford, he is indeed to be pitied. The *Churchman* article, in its entirety, is a gross libel, and it is a source of amazement to people here that the editor of a reputable religious newspaper should have printed such abominable stuff. Ulster County has its quota of people whose ways lie in the seamy side of life, but to say, as Rainsford has said, that nearly all the canallers and quarrymen and a large proportion of the men engaged in agricultural pursuits and their families are worse than the vilest kinds of brutes; that they trade off their wives, and sell their daughters to a life of shame, is such an outrageous and improbable falsehood that thinking people, even though they know nothing of Ulster County, will hesitate before they believe a one thousandth part of the scandalous statements made.

WILL DO WELL TO KEEP AWAY.

It is to be regretted that a paper like the *New-York Tribune* should be so carelessly edited as to allow the publication in its colums of a gross libel on hard-working and honest people. It is to be presumed that Rainsford's ravings will go the rounds of the press in certain localities. Rainsford, however, will do well to keep away from Ulster, for the wrath sometimes of a slandered, law-abiding community is something that is to be feared.

THE MORTUARY RECORD HEREABOUT.

Andrew Barrett, Sr., an Old Hudson River Engineer, Passes Away in Rondout.

On Saturday afternoon Andrew Barrett, Sr., died suddenly at his home on the corner of Spring and Russell-streets, Rondout. Mr. Barrett had been hard at work that day and had not complained of feeling unwell. When he went home he laughed and joked with his wife and daughter-in-law. After shaving, he fell to the floor. He was carried to his bedroom and a doctor was sent for. He was beyond medical aid, however, for shortly after the doctor's arrival he expired. Death resulted from heart disease. The deceased was 59 years of age. He leaves a wife and three sons. Mr. Barrett had been in the employ of the Cornell Steamboat Company for about 40 years. He was one of the best known Hudson River steamboat engineers. When the Hon. Thomas Cornell was the owner of the steamboat Mary Powell the deceased was its engineer. He was also engineer of the steamboat Thomas Cornell, when that boat ran on the rocks at Danskammer Point in a fog and was wrecked. The old James Madison was another steamboat on which Mr. Barrett ran. At the time of his death he was engineer of the steamboat Valentine. Mr. Barrett belonged to the Marine Engineers' Association of this City, the members of which will attend the funeral in a body, and was also a member of the Boatmen's Relief Association. The funeral services will take place at the house at 2 o'clock to-morrow afternoon. The flag on the Cornell Steamboat Company's building is at half-mast.

Some seven or eight applications for memberssbip were read on Tuesday evening, besides which four admissions by card have been applied for.

Historic Old Houses Here.

People who occupy old houses in Kingston are sometimes inconvenienced by strangers calling to look at them. One day A. H. VanBuren, who lives near the Eagle Hotel, answered a summons. He saw a woman standing on the door-step. She said that her great grandfather married her great grandmother in one of the rooms of the house, and she wished to see it. The woman was a descendent of Major Dezeng, a Hessian officer, who held a position in the British army during the Revolution. He married a Long Island woman named Lawrence, and they resided here for several years.

THE RECORD OF CITY AMUSEMENTS.

The Hotchkin Family Concert Company—"A Tin Soldier"—"Held by the Enemy."

Notices of amusements given and of others announced to be given follow:

KINGSTON OPERA HOUSE, SATURDAY NIGHT.

Manager C. V. DuBois cosy and handsomely appointed place of amusement contained a large and appreciative audience Saturday night. Theater goers had been promised an artistic presentation of William Gillette's most successful play, entitled, "Held By the Enemy," and they were not disappointed. The plot has been described heretofore in these columns, and the flattering notices given in advance of the company's coming, Saturday night's presentation evidenced, were fully merited. The company is composed of the actresses and actors who filled the long engagement of 700 nights in the Madison Square Theatre, New-York City, and all of them are artists. Many of the scenes in the play are thrilling to a degree, and what is technically known as "stage business" was excellent. The waits between the acts were short, the applause was frequent and prolonged, and the music furnished by the orchestra was pleasing. The musicians, however, received "a hint" from the Stage Manager that they will be apt to remember for some time to come. It seems to be the custom here for orchestras to finish the "tune" being played regardless of signals from the Acting Stage Manager, to "stop right there." At the end of the third act, on Saturday night, the musicians, in order not to spoil the artistic effect of the rendition of the selection they were playing, did not heed the order of the Stage Manager. Twice the order was repeated, and the third time it was given in a way more forcible than polite. Then the orchestra suddenly stopped. In New-York City theatres the musicians cease playing the moment the signal is given, though they generally regulate the time to give a number so that it will be finished when the curtain is ready to be raised. If leaders in Kingston City would at once start up the music when the curtain falls at the close of an act, instead of dilly-dallying for five minutes or more, the public would be better suited than it now is.

"A TIN SOLDIER" TO-MORROW NIGHT.

A play of the farce order, entitled "A Tin Soldier," by C. Hoyt, an ex-journalist of New-England, will be presented in Kingston Opera House to-morrow night. The piece has received many flattering notices from critics in cities large and small. THE FREEMAN is assured that the company is a talented one, and that the appointments will be first-class. Several new songs will be sung for the first time, and one young actress will make her *debut.* The sale of seats has been large. There is every reason to presume that a full house will greet the first appearance of "A Tin Soldier" in this City. The doors will be opened at 7:40 curtain 8:20 o'clock; horse cars for Rondout 10:40, at close of play.

"THE HOTCHKIN FAMILY."

The "Hotchkin Family Concert Company and Bell Ringers," of Boston, Mass., will give an entertainment in the Sunday School Room of the Rondout Baptist Church, under the auspices of the Ladies' Aid Society, to-morrow evening. There will be sweet melody by Swiss bells, Munich bells, Chime bells, Russian bells and Norwegian bells. Miss H. Hotckin will give violin solos, and Miss A. Hotchkin, who is accounted the "best whistler in the universe," can be heard. Miss J. Hotchkin and Mrs. J. Bolles will perform on various instruments. This company recently entertained a large audience in the Kingston Baptist Church. The efforts of the performers were warmly commended. Rondout contains a large concert-going class of people, and the indications are that many of them will hear and see the Hotchkin Family.

BALL TO-NIGHT.

To-night the members of the Hauck Gymnasium Club, of Rondout, will hold their annual masquerade ball at Washington Hall, which will be preceded by an acrobatic and gymnastic performance. Members of the Newburgh Athletic Club will take part. Two tug-of-war teams will contest for a prize. The event promises to be largely attended and successful.

In Surrogate's Court.

The matter of an accounting in the estate of Christina Russell, of Saugerties, was heard to-day in Ulster Surrogate's Court, Kingston.

STOOD ON SLIPPERY PLACES

RATHER A TRYING SUNDAY FOR CHURCH-GOING PEOPLE.

In the Morning, the Rain Froze as Fast as It Fell on the Sidewalks, Making Much of Out-of-Doors Treacherous in the Extreme.

And thou, my friend, be not long at a distance from home.—*Homer.*

Rain fell heavily nearly all day along the Hudson River, on Sunday. In portions of the Catskill Mountains snow fell. Roads are in bad condition.

AN UNBROKEN LINE OF SLIPPERY PLACES.

In this City when the rain first began falling it froze on sidewalks, making the greater portion of out-of-doors a veritable sheet of glass, treacherous in the extreme to church-going people, who decided that they would "attend Divine service anyway." For blocks there was an unbroken line of slippery places for the godly and for the ungodly, and many of both classes fell heavily by the wayside.

A number of accidents occurred.

SKATING ON SUNDAY.

Dispatches from one or two points say that the somewhat unusual sight of people sliding along on skates on the Lord's day was witnessed. Whether or not the skaters hied themselves to church in that fashion is not stated.

GOVERNOR

E. C. Burleigh, of Maine, some time ago was troubled with boils on his neck. He took three bottles Brown's Sarsaparilla and was completely cured. Mr. Burleigh speaks in the highest terms of this medicine. It will eradicate from out the system all forms of blood poison or blood disease, cure salt rheum, scrofula, cancer or canker, and leave the interior of the system pure and clean, and the exterior glowing with health. Nothing will so thoroughly beautify the complexion, by cleaning the skin, as Brown's Sarsaparilla, which is unlike any other.

The business man who is closely confined; who works long hours; who is restless at night; who bolts his food; whose energies day in and day out are bent in one direction, finds the system thrown out of order, while a train of ills file in upon him. His food sours upon his stomach; he has dyspepsia; he becomes constipated; his head aches, and finds he can't do business with the vim of olde times. Just cleanse the walls of the stomach, sweep the kidneys, revive the liver and tone up the blood with a bottle of

BROWN'S Sarsaparilla.

PASTORS, PEOPLES AND CHURCHES.

News Garnered in the Religious Field in this City and Vicinity.

A baptistry has been built in the Baptist Church, at Liberty, Sullivan County.

There are 60 "converts" as a result of a recent revival in Westbrookville, Sullivan County.

There was a light attendance at the churches in this City, yesterday, on account of the inclement weather.

The Rev. M. E. Ketcham, of Lennox, Mass., will lecture on "The Black Art," at Staatsburgh, to-morrow evening.

The annual exercises of the Sunday School scholars at the Synagogue of the Congregation Emanuel, Rondout, yesterday afternoon, despite the inclemency of the weather, was largely attended. The scholars gave recitations in English and in Hebrew. The Rev. D. Wolf, Rabbi, addressed the children and parents. Presents were distributed.

A mission was opened in St. Joseph's Church, Kingston, at 10:30 o'clock on Sunday forenoon, under the auspices of the Jesuit Fathers, of New-York City. The opening sermon was by the Rev. J. Pimmell, of New-York City. At the opening service the Rev. Francis McCarty, of New-York City, preached. There will be services every day this week, as follows: 5 A. M., mass; 6 and 8 o'clock, A. M., mass; 9 A. M., mass, with sermon; 3:30 P. M., service of the Way of the Cross; 7:30 P. M., Rosary, Sermon and Benediction of the Blessed Sacrament. The services will be conducted by the Rev. Fathers Pimmell and McCarthy. The mission will close on Sunday, February 3. A mission under the same auspices will be opened in St. Ann's Church, Sawkill, the out-mission of St. Joseph's on Sunday next.

SAUGERTIES RELIGIOUS NOTES.

The revival meetings in the M. E. Church will be continued. Much interest has been manifested.

Regular preaching services were omitted in nearly all of the churches, last night, owing to the storm.

The two Chinese residents in this village attend the Reformed Sunday School and are taught by the Rev. N. F. Chapman.

SAUGERTIES Y. M. C. A. NOTES.

CHRISTIAN WOMEN'S WORK.

Thirty-five members have withdrawn from the Chatham Woman's Christian Temperance Union, on account of the Union adopting the platform of the Prohibition party.

WHAT ICE GATHERERS HAVE TO SAY.

The Outlook for Securing "Crops" is Not Encouraging—Pond Ice Purchased.

Between Rondout and Rhinecliff the Hudson River was as open, this morning, as any day in the summer. Ice men say that the chances for cutting a crop of ice, this winter, are decidedly slim.

A Rockland County man's goose bone predicts 12 inches of solid ice on the Hudson River before spring.

John Avery, of Catskill, has sold his last year's ice crop of nearly 3,000 tons to John Clark, of Yonkers, at $1.50 per ton.

The Silver Lake Ice Company, of Buffalo, is building a large ice house on the banks of Brown Pond, Sullivan County, which it expects to fill.

TRIED TO ROB A U. S. MAIL WAGON.

A Man who has Disappeared From Vicinity of Westbrookville.

The United States mail wagon that passes through Westbrookville village, Sullivan County, was stopped in a lonely locality on "The Mountain" near there, a day or two ago, by a would-be robber.

The driver whacked the foot-pad over the head with a cudgel and then he drove on with the contents of the mail pouches intact.

Since an investigation has been in progress an individual who has resided near there, and whose reputation is not of the best, has left for parts unknown. This fact coupled with the circumstance that he has had a very sore head for a day or two, has given rise to the suspicion that he was the fellow who tried to rob the mail.

THE 14TH SEPARATE COMPANY.

The Home Guards to be Honored, and They and Their Friends to Make Merry.

The entertainment to be given by the members of the Fourteenth Separate Company on Thursday evening, in their Armory, will be one of the principal social events of the present week, and will doubtless attract a large number of the friends of the company. Marksmen's badges will be presented to members entitled to them—a sharp shooter's badge to Captain John VanEtten and a special company badge to First Sergeant J. S. Payntar. A Guard Mount and Dress Parade will be had, the whole to conclude with dancing in which the company's guests will take part. Goeller's full band and orchestra will be present.

DEPRAVED YOUNGSTERS ARRESTED,

For Using Indecent and Profane Language on the Public Streets of Marlborough.

The village of Marlborough has been greatly exercised, for a day or two, over the fact that two small children have been arrested for using indecent and profane language on the streets there. The result of the new juvenile crusade remains to be seen. The theory that many good people entertain that it is only in very large cities that youngsters air their depravity in public is being shattered.

Educational.

The children of Public School No. 11 enjoyed a sleigh ride Saturday.

A meeting of the Kingston Board of Education will be held to-night.

It is stated that the Rev. Edward Everett Hale wants the United States Government to pension all school teachers who have faithfully served for 50 consecutive years. That generosity would not deplete the Treasury seriously.

A New Boat.

Captain William B. Barnett, of the tug John D. Schoonmaker, contracted with A. McMullen, to-day, for a new tug-boat for use in New-York Harbor. The boiler and engine will be built by McEntee, Rondout. The boat will be about the size of the Schoonmaker. It will be completed May 1.

Industrial.

Real Estate Note.

JUST A WORD OR TWO BY THE WAY.

"The Freeman" in a Neighborly Way Refers To a "Steamed Contemporary."

And hence these tears of spleen and anger rise. —*Horace.*

It pains THE FREEMAN to notice that the apology of a morning newspaper printed in Kingston labors under the delusion that this journal has said "something mean" about it. THE FREEMAN could not say anything "mean"—the apology might have found a better word, though syntax and grammar are not its strong points—if it had tried. THE FREEMAN, on the contrary, in a quiet, neighborly way, has pointed out that whenever the apology has left the beaten track of its own exclusive field—the nasty, the bawdy and the vicious side generally of life—it has put its "foot in it." Take the mail service avalanche, for instance.

SOME UNIQUE "PERSONALS."

The apology's personals are a unique feature, and the way the names of judges, jail birds and wantons are "mixed up" shows a due sense of the eternal fitness of things, and is often the cause of many ladies and gentlemen beseeching that their names be "kept out of that paper." Ladies who object to having their names "mixed up" with keepers of low dens, unlicensed gin mill owners, etc., know nothing of the "society" that the apology represents. THE FREEMAN has also, in a neighborly way, pointed out that the apology has the monopoly of the "news field" announcing when cock fights will be held, also when such fights, in its elegant phraseology, "come off."

THE "THANKS DEPARTMENT."

Its "thanks department" has been warmly commended, THE FREEMAN being especially pleased to see that the regulation notice in return for ice cream slops, left over from some church or society entertainment, is a one-quarter of a column. Thanks for cake and grapes average about a stickful. To borrow an editorial expression of the apology, there "are no flies" on it, which, being somewhat freely interpreted, signifies that in its estimation it leads in culture and delicacy of expression.

PUFFING PUGILISTS.

THE FREEMAN has also taken some pains, in a mild way of course, to point out that the apology "takes pride" in giving brutes like Kilrain and Mitchell glowing puffs in advance of giving exhibitions in this City, and that anybody can buy space in its news and editorial columns for any purpose desired, the price being about one and two cents a line respectively.

AMUSING "AMUSEMENT NOTES."

The most striking feature, however, of the "steamed contemporary" aforesaid is its "amusement notes." They are a joy forever to advance agents and managers of such actresses as Modjeska, Rose Coghlan, Rhea and others of that class, who have delighted —"igorant"—the apology probably meant to say ignorant—folks here and hereabout. Usually the bruisers and groggery keepers' organ gives such "shows" three or four lines; but let a crowd of 10 cent freaks come along, who can murder the Queen's English, the canons of good taste and the ethics of the stage, and then the apology fairly bubbles over. A column notice at least is given. Adjectives are heaped on top of adverbs. The parodies of actresses are described as being "away ahead of Mary Anderson" and "women of that class." "Women of that class" is good! It is simply delicious! THE FREEMAN has pasted in parallel columns the notices Modjeska, Rhea and other ladies have received with those given the 10 cent barn stormers who have been here during the past three years, and in a neighborly way has shown them to agents and managers, say of troups like that managed by William Gillette, Abbey, Palmer and others, and these gentlemen have simply been amazed at the wide extent of the apology's, culture, discernment, its knowledge of the eternal fitness of things, and the keen insight it possesses of the relative value of space and news.

RELATIVE VALUE OF SPACE AND MATTER.

It may be noted here, parenthetically as it were, that the relative value of space and matter is the apology's "main hold." If one of its representatives happens to wander into a fair or a saloon and is "handsomely treated," a column is in order the next morning. It makes no difference though there should be 50 matters of interest to the general public that call for notices of say a stickful each, the column puff "must go in." THE FREEMAN in its "igorance" decides day by day how much space it will give to churches, politics, amusements, Hudson River, Kingston City, literary and the other 50 or more departments of news, and then the matter is cut down to the space allotted, despite the fact that this, that or the other reporter or correspondent may have written a column on a given subject. And, by-the-way, it can be stated here and now that under no circumstance is an employe of this newspaper allowed to write up puffs for cigars or drinks or slop over some trivial matter because the Lord only knows who happens to be a speaking acquaintance of his.

ITS FILES AND NASTY CASES.

The apology is at home when it comes to nasty cases. Take its files, and it will be seen that it has made a specialty of giving prominence to reports of petty cases of intoxication in Recorder's Court, fights between corner loafers and puffs of free lunches served in saloons. THE FREEMAN caters to an entirely different class of people—the church-going, the home-loving, the law-abiding, the intelligent and the respectable; and its steadily increasing subscription list shows that the effort to print a pure, high class journal is duly appreciated.

MAD AS A HORNET.

No doubt it galls the apology to notice THE FREEMAN'S news being copied everywhere—nearly 5,000 articles were reprinted in 1888—but it ought not to show its venom so plainly, say as it did this morning, when it gave two-thirds of its entire editorial space to show how "igorant" the contributors of this journal are.

A LAUGHING STOCK.

And, finally, brethren, would THE FREEMAN have the apology one whit better than it is? Hardly. It is the laughing stock of every trained newspaper man who reads it. The contrast between its news and the news printed in these columns is so markedly in favor of THE FREEMAN that it furnishes source of endless joy and an ever-feeling sense of superiority.

GOOD-BYE.

The top o' the morning to the apology and its word butchers!

A Hint to this City's Board of Health.

The correspondent of THE FREEMAN at Marlborough writes: "The officers of the Board of Health have adopted a measure which demands that all houses wherein any form of contagious disease exists, must be located by the display of a card upon which must be printed the name and character of the disease."

A Runaway in Rondout.

On Saturday night a team of horses attached to a sleigh, filled with boys and girls, ran away on Union-avenue, Rondout. The sleigh collided with a lamp post, and was badly wrecked. The children were thrown on the street on top of one another, but, strange to say, not one was injured.

Of Interest, Perhaps, to Gum Chewers.

A Kingston doctor recently noticed two Kingston girls chewing gum. He said: "It's a wonder that the continuous motion does not produce facial paralysis." It is a fact that a girl in Pennsylvania is suffering from facial paralysis caused by chewing gum and the doctors fear that it will be permanent.

Caught at Last.

A milkman, a Swede, in Little Britain, Orange County, who always "managed" to upset or spill his milk when the Inspectors came around, has been arrested and has paid a fine of $25.

A GOLDEN WEDDING HERE.

A RED LETTER DAY FOR A. O'REILLY AND WIFE, IN RONDOUT.

Services Held in St. Mary's Roman Catholic Church, This Morning—Congratulations From Archbishop Corrigan, Priests and Citizens.

Length of days is spoken of in the Holy Scriptures as one of the rewards, even on this earth, for those who serve God faithfully.—*Archbishop Corrigan.*

Blessings, congratulations and golden souvenirs of friendship and respect were showered upon Andrew O'Reilly and wife, in Rondout, to-day. It is the fiftieth anniversary of their wedding, and the occasion was celebrated in St. Mary's Catholic Church and at the venerable couple's residence on The Strand.

WRECKED IN THE ST. LAWRENCE.

Andrew O'Reilly was born in Ireland in 1814. At the age of 17 years he emigrated to this country. As was stated in these columns on Saturday evening, the vessel on which he sailed was wrecked in the Gulf of St. Lawrence, and all hands on board were drowned, except five passengers and five seamen. Among those who perished were two sisters of Mr. O'Reilly, the eldest of whom had three children, who went down to a watery grave with their arms around their mother. The little party lived on Cranberry Island for five days with nothing to eat but cranberries and raw mutton. They were rescued by the crew of the bark Thames, of London.

SETTLED IN RONDOUT.

After drifting around for a time Mr. O'Reilly finally settled in Rondout and engaged in business. He was successful and accumulated a comfortable competence, which he and his wife are enjoying in their old days. While here Mr. O'Reilly made the acquaintance of Miss Mary O'Reilly. She was born in Ireland and came to Rondout from Portland, Me., when seven years of age. Although bearing the same name the young lady was in no way related to him. Their acquaintance ripened into love, and on January 28, 1839, they were married at the residence of the bride's father, on the corner of Union-avenue and Mill-street, by the Rev. John Smith, a Catholic missionary, who conducted religious services at places along the Hudson River, coming to Rondout once each month for that purpose. The Rev. Mr. Smith's brother was a United States Senator from Maryland. The issue of this union was eight children, five of whom are living—the Rev. John C. O'Reilly, Pastor of a Catholic Church in the Buffalo Diocese; Mary Teresa, a Sister of Charity connected with St. Bridget's Academy, Tenth-street, New-York City; Joseph, who is in business in St. Paul, Minn.; Terrence, who lives in Washington, D. C., and Rosana, wife of Thomas Hickey, of this City.

RECALLING OLD TIMES HERE.

Mr. and Mrs. O'Reilly have always lived happily together. They look back with pleasure on the years that have fled and recall many happy reminiscences. There is probably not another couple in Rondout who have watched the growth of this City for so great a length of time as has Mr. and Mrs. O'Reilly. They can recall the time when Rondout was a mass of sand hills and a portion of Ferry-street and The Strand was a swamp. In those days cow paths were frequently used by people in going from one place to another in the village. Although the march of progress has long since obliterated all this, Mr. O'Reilly's narrative of old times hereabout is interesting.

IN ST. MARY'S CHURCH THIS MORNING.

At 9 o'clock this morning the anniversary services began in St. Mary's Church. There was a large number of people present. Mr. and Mrs. O'Reilly occupied seats near the altar. The Rev. John C. O'Reilly, assisted by the Very Rev. Dean Dougherty, formerly Pastor of St. Joseph's Church, Kingston, attended by two altar boys, celebrated High Mass. The son blessed his father and mother and gave communion to his sister—the Sister of Charity. While this was being done the sun's rays shone brightly through the windows, as if giving promise of a golden future for the aged pair. It was with emotion that Mr. and Mrs. O'Reilly beheld their son, who has consecrated his life for the cause of the Church, pronounce a blessing upon them after a half a century of married life.

A RECEPTION HELD.

At the conclusion of the ceremony a reception was held at the O'Reilly residence. Among the guests were the Very Rev. Dean Dougherty and Sister Elizabeth, of New-York; the Very Rev. P. Prendergast, Pastor of St. Mary's Church; the Rev. Father Jones and the Rev. Father Morris, Assistants, Rondout; T. O'Reilly and wife and Miss M. Brophy, of New-York; Miss B. Rourk and Lewis O'Brien, of Newburgh, three of Mr. O'Reilly's children, and many citizens.

CONGRATULATORY LETTERS.

Congratulatory letters to Mr. and Mrs. O'Reilly were read from persons who were unable to be present, among them being the one from Archbishop Corrigan, which was published in Saturday's FREEMAN. The visiting clergymen and guests shook hands with their aged host and hostess and congratulated them on having lived to celebrate such a rare and auspicious event.

A BANQUET AND PRESENTS.

A banquet was served at their home later on. The presents bestowed on Mr. and Mrs. O'Reilly were many and costly.

THE "GOOD OLD DAYS" IN ULSTER CO.

An Interesting Bill of Sale in the Possession of a Marlborough Man.

The correspondent of THE FREEMAN at Marlborough writes: E. A. Merritt has the original bill of sale of a slave to Josiah Merritt. It reads as follows:

"Know all men by theese presents that I, Joseph Sherwood, of the town of Newburgh, County of Ulster, and State of New-York, for and in consideration of the sum of £20 of current, lawful money, to me in hand paid by Josiah Merritt, of the town of Marlborough, County and State aforesaid, have granted, bargained and sold and by theese presents do grant, bargain and sell unto the said Josiah Merritt one negro girl named 'Syl,' aged 17 years, to have and to hold the said negro unto the said Josiah Merritt and his executors, administrators and assigns for and during the natural life of Her the said girl."

The bill is dated March 28, 1793, and was witnessed by Sarah, Mary and Jacob De-Groot.

How Much "Oleo" is Sold Here?

J. K. Brown, State Dairy Commissioner, has sent notice to boarding house keepers calling their attention to the law against oleomargarine. The stuff is now sent by express from factories outside the State in boxes, barrels and tubs covered with sacking.

Horse Notes.

The snow was soft and "mushy" this afternoon, but fast horses were driven on Albany-avenue, Kingston.

A brood mare, valued at $1,700, was hooked by a bull at Circleville, a few days ago. It may not recover.

A Vigorous Old Lady.

Mrs. Jane C. DeWitt, grandmother of A. H. VanBuren, of Kingston, was 91 years old on Sunday. Mrs. DeWitt is in excellent health, and for her years is strong mentally and physically.

LIBELS ON ULSTER COUNTY.

RAINSFORD'S RAVINGS GOING THE ROUNDS OF THE PRESS.

Honest and Industrious People Wilfully Slandered by an Episcopal Church Clergyman who Has Outlived His Usefulness—Some Comment.

The mind charmed by false appearances refuses to admit better things.—*Horace.*

The *New-York Tribune*, of Sunday, prints the following paragraph:

ULSTER COUNTY HAS MANY CHURCHES.

A writer in *Churchman* tells of the heathenism to be found in Ulster County, of this State, among the canal workers and quarrymen. But what he says of this section may be said in a measure of every section of the country. The fact of the matter is that the churches must make an aggressive fight all the time if they expect to retain even the nominal allegiance of the people. These Ulster County heathen are what they are simply because they have been overlooked by the churches until they are humanly past redemption. When you hear a church member declaring that the gospel is so potent that it can make its way to the hearts of men without human effort, you may be pretty sure that that man doesn't yet understand either religion or human nature. People sometimes wonder what is the necessity for so many services and sermons, and so much talk about religion. The fact is that in this way only can the churches beat back the paganism and animalism which are always ready to overthrow our dearly-bought civilization. Aside altogether from its spiritual character, Christianity is the guardian and preserver of our social life, and on this ground, to take no higher, it is the duty of every good citizen to aid it in its work. Instead of building jails for the lawless heathen in its borders, and hiring men to put them in, I think it would be much cheaper for Ulster County to pay the churches liberally to convert them. They should do it without pay, you say. I suppose even Paul the Apostle had to pay his fare when he traveled, though he was always willing to work, and I imagine he kept a pretty sharp lookout on the other saints to see that they didn't shirk their pecuniary obligations. In the apostolic days as well as now the people were called on to support the Church, and their liberality in this respect was one of the causes of its success.

HAS OUTLIVED HIS USEFULNESS.

As already stated in THE FREEMAN, the article in the *Churchman* was written by one Rainsford, an Episcopal Church clergyman who has out-lived his usefulness. If the vilest sinner in Ulster County has less conscience than Rainsford, he is indeed to be pitied. The *Churchman* article, in its entirety, is a gross libel, and it is a source of amazement to people here that the editor of a reputable religious newspaper should have printed such abominable stuff. Ulster County has its quota of people whose ways lie in the seamy side of life, but to say, as Rainsford has said, that nearly all the canallers and quarrymen and a large proportion of the men engaged in agricultural pursuits and their families are worse than the vilest kinds of brutes; that they trade off their wives, and sell their daughters to a life of shame, is such an outrageous and improbable falsehood that thinking people, even though they know nothing of Ulster County, will hesitate before they believe a one thousandth part of the scandalous statements made.

WILL DO WELL TO KEEP AWAY.

It is to be regretted that a paper like the *New-York Tribune* should be so carelessly edited as to allow the publication in its colums of a gross libel on hard-working and honest people. It is to be presumed that Rainsford's ravings will go the rounds of the press in certain localities. Rainsford, however, will do well to keep away from Ulster, for the wrath sometimes of a slandered, law-abiding community is something that is to be feared.

THE MORTUARY RECORD HEREABOUT.

Andrew Barrett, Sr., an Old Hudson River Engineer, Passes Away in Rondout.

On Saturday afternoon Andrew Barrett, Sr., died suddenly at his home on the corner of Spring and Russell-streets, Rondout. Mr. Barrett had been hard at work that day and had not complained of feeling unwell. When he went home he laughed and joked with his wife and daughter-in-law. After shaving, he fell to the floor. He was carried to his bedroom and a doctor was sent for. He was beyond medical aid, however, for shortly after the doctor's arrival he expired. Death resulted from heart disease. The deceased was 59 years of age. He leaves a wife and three sons. Mr. Barrett had been in the employ of the Cornell Steamboat Company for about 40 years. He was one of the best known Hudson River steamboat engineers. When the Hon. Thomas Cornell was the owner of the steamboat Mary Powell the deceased was its engineer. He was also engineer of the steamboat Thomas Cornell, when that boat ran on the rocks at Danskammer Point in a fog and was wrecked. The old James Madison was another steamboat on which Mr. Barrett ran. At the time of his death he was engineer of the steamboat Valentine. Mr. Barrett belonged to the Marine Engineers' Association of this City, the members of which will attend the funeral in a body, and was also a member of the Boatmen's Relief Association. The funeral services will take place at the house at 2 o'clock to-morrow afternoon. The flag on the Cornell Steamboat Company's building is at half-mast.

OTHER DEATHS.

I. B. Loezy, a well-known Middletown citizen, died one day recently, aged 67.

James Clayton, of the town of Wappingers, died of heart disease, one day recently.

Jacob A. Hotaling, of Coxsackie, died on Friday. He was prominent in Masonic circles.

[From the Ellenville Press.]

Grand Chancellor D. J. Auchmoody, of Kingston, was present at the meeting of Awosting Lodge, K. of P., on Tuesday evening, together with District Deputy Waldorf, of Woodbourne, and several members from Kingston, Middletown and Woodbourne Lodges. Addresses upon the objects and work of the order were made both by visiting and home members. Awosting Lodge has a membership of about 40. Some seven or eight applications for memberssbip were read on Tuesday evening, besides which four admissions by card have been applied for.

Historic Old Houses Here.

People who occupy old houses in Kingston are sometimes inconvenienced by strangers calling to look at them. One day A. H. VanBuren, who lives near the Eagle Hotel, answered a summons. He saw a woman standing on the door-step. She said that her great grandfather married her great grandmother in one of the rooms of the house, and she wished to see it. The woman was a descendent of Major Dezeng, a Hessian officer, who held a position in the British army during the Revolution. He married a Long Island woman named Lawrence, and they resided here for several years.

THE RECORD OF CITY AMUSEMENTS.

The Hotchkin Family Concert Company—"A Tin Soldier"—"Held by the Enemy."

Notices of amusements given and of others announced to be given follow:

KINGSTON OPERA HOUSE, SATURDAY NIGHT.

Manager C. V. DuBois cosy and handsomely appointed place of amusement contained a large and appreciative audience Saturday night. Theater goers had been promised an artistic presentation of William Gillette's most successful play, entitled, "Held By the Enemy," and they were not disappointed. The plot has been described heretofore in these columns, and the flattering notices given in advance of the company's coming, Saturday night's presentation evidenced, were fully merited. The company is composed of the actresses and actors who filled the long engagement of 700 nights in the Madison Square Theatre, New-York City, and all of them are artists. Many of the scenes in the play are thrilling to a degree, and what is technically known as "stage business" was excellent. The waits between the acts were short, the applause was frequent and prolonged, and the music furnished by the orchestra was pleasing. The musicians, however, received "a hint" from the Stage Manager that they will be apt to remember for some time to come. It seems to be the custom here for orchestras to finish the "tune" being played regardless of signals from the Acting Stage Manager, to "stop right there." At the end of the third act, on Saturday night, the musicians, in order not to spoil the artistic effect of the rendition of the selection they were playing, did not heed the order of the Stage Manager. Twice the order was repeated, and the third time it was given in a way more forcible than polite. Then the orchestra suddenly stopped. In New-York City theatres the musicians cease playing the moment the signal is given, though they generally regulate the time to give a number so that it will be finished when the curtain is ready to be raised. If leaders in Kingston City would at once start up the music when the curtain falls at the close of an act, instead of dilly-dallying for five minutes or more, the public would be better suited than it now is.

"A TIN SOLDIER" TO-MORROW NIGHT.

A play of the farce order, entitled "A Tin Soldier," by C. Hoyt, an ex-journalist of New-England, will be presented in Kingston Opera House to-morrow night. The piece has received many flattering notices from critics in cities large and small. THE FREEMAN is assured that the company is a talented one, and that the appointments will be first-class. Several new songs will be sung for the first time, and one young actress will make her *debut*. The sale of seats has been large. There is every reason to presume that a full house will greet the first appearance of "A Tin Soldier" in this City. The doors will be opened at 7:40; curtain 8:20 o'clock; horse cars for Rondout 10:40, at close of play.

"THE HOTCHKIN FAMILY."

The "Hotchkin Family Concert Company and Bell Ringers," of Boston, Mass., will give an entertainment in the Sunday School Room of the Rondout Baptist Church, under the auspices of the Ladies' Aid Society, to-morrow evening. There will be sweet melody by Swiss bells, Munich bells, Chime bells, Russian bells and Norwegian bells. Miss H. Hotckin will give violin solos, and Miss A. Hotchkin, who is accounted the "best whistler in the universe," can be heard. Miss J. Hotchkin and Mrs. J. Bolles will perform on various instruments. This company recently entertained a large audience in the Kingston Baptist Church. The efforts of the performers were warmly commended. Rondout contains a large concert-going class of people, and the indications are that many of them will hear and see the Hotchkin Family.

BALL TO-NIGHT.

To-night the members of the Hauck Gymnasium Club, of Rondout, will hold their annual masquerade ball at Washington Hall, which will be preceded by an acrobatic and gymnastic performance. Members of the Newburgh Athletic Club will take part. Two tug-of-war teams will contest for a prize. The event promises to be largely attended and successful.

Charged with Fraud.

In Surrogate's Court.

The matter of an accounting in the estate of Christina Russell, of Saugerties, was heard to-day in Ulster Surrogate's Court, Kingston.

A "Camp Fire" at Ellenville.

Five hundred people attended a recent camp fire of Ward Post, Ellenville. The proceedings were interesting.

STOOD ON SLIPPERY PLACES

RATHER A TRYING SUNDAY FOR CHURCH-GOING PEOPLE.

In the Morning, the Rain Froze as Fast as It Fell on the Sidewalks, Making Much of Out-of-Doors Treacherous in the Extreme.

And thou, my friend, be not long at a distance from home.—*Homer.*

Rain fell heavily nearly all day along the Hudson River, on Sunday. In portions of the Catskill Mountains snow fell. Roads are in bad condition.

AN UNBROKEN LINE OF SLIPPERY PLACES.

In this City when the rain first began falling it froze on sidewalks, making the greater portion of out-of-doors a veritable sheet of glass, treacherous in the extreme to church-going people, who decided that they would "attend Divine service anyway." For blocks there was an unbroken line of slippery places for the godly and for the ungodly, and many of both classes fell heavily by the wayside.

A number of accidents occurred.

SKATING ON SUNDAY.

Dispatches from one or two points say that the somewhat unusual sight of people sliding along on skates on the Lord's day was witnessed. Whether or not the skaters hied themselves to church in that fashion is not stated.

GOVERNOR

E. C. Burleigh, of Maine, some time ago was troubled with boils on his neck. He took three bottles Brown's Sarsaparilla and was completely cured. Mr. Burleigh speaks in the highest terms of this medicine. It will eradicate from out the system all forms of blood poison or blood disease, cure salt rheum, scrofula, cancer or canker, and leave the interior of the system pure and clean, and the exterior glowing with health. Nothing will so thoroughly beautify the complexion, by cleaning the skin, as Brown's Sarsaparilla, which is unlike any other.

The business man who is closely confined; who works long hours; who is restless at night; who bolts his food; whose energies day in and day out are bent in one direction, finds the system thrown out of order, while a train of ills file in upon him. His food sours upon his stomach; he has dyspepsia; he becomes constipated; his head aches, and finds he can't do business with the vim of olden times. Just cleanse the walls of the stomach, sweep the kidneys, revive the liver and tone up the blood with a bottle of

BROWN'S Sarsaparilla.

NOTES ON NEWS OF THE DAY.

THE largest organ in the world is being built in London. It will be put up in Sidney, New South Wales.

THE Knights of Labor object to the ratification of the extradition treaty of the United States with Great Britain.

MAJOR LILLIE, "Pawnee Bill," says he will leave Wichita with 3,000 men to invade Oklahoma early in February.

THE weather in New York state excites interest. Bulletins from various places will be found in our telegraph columns.

ULSTER COUNTY, according to a dispatch published in another column, will be entitled to two additional delegates to the next Republican State Convention.

THE apology of a newspaper printed in Kingston may find a word or two of interest on page 4. The apology's assurance is only equalled by its ignorance and stupidity.

THE action of Germany in Samoan matters shows a grasping and conquest policy and that vigorous attempts will be made to enlarge German empire outside the continent of Europe.

AMONG the seekers of legislation in Nebraska are the gamblers. It is expected before the legislature adjourns a bill will be passed legalizing thimble-rig, bunco and confidence swindlers.

MAJOR J. H. STEWART of Austin, Texas, is in the North collecting money for the National Confederate Home of Texas. The Grand Army men think well of the project and will aid in the work.

THE new Washington Market in New-York city is completed and the event duly celebrated. New York city now has the largest and most handsomely fitted up wholesale market in the world.

THE present is looked upon as about the last fight for the rights of Ireland. T. P. O'Connor, a New York newspaper correspondent, says: "Do let our friends in America remember that we have still to look to them for assistance, moral, material and financial."

THE *Inn Keepers' Journal*, the *Tribune* points out, seems to think that the liquor dealers are not adequately represented on the Excise Commission. However that may be, there is no doubt that they are adequately represented in Albany, where they have a staunch and trusty "friend."

THE birthday of Emperor William was loyally observed throughout the German Empire yesterday. Although the Emperor claims to be in favor of a peaceful administration he took especial pains to eulogize the Guards on the occasion of his birthday and express the hope that they would maintain their glory.

IT is stated that General Boulanger's complaints against his wife, in his petition for divorce, amount substantially to this: "She has dared to have a mind of her own, and has refused to be the slave of my whims." Not much better than Milan Obrenovitch's indictment of his wife, in Paris. And yesterday Boulanger triumphed.

THE last days of the Cabinet of Grover Cleveland will be embittered by a tiff between Secretaries Bayard and Whitney. From all accounts they do not agree on the Samoan matter and one or the other is expected to resign. Great things were expected of Bayard when he was first placed in the Cabinet, but like another man in history, whose name began with B, he has been weighed in the balance and found wanting.

THE work of removing Republicans and doubtful Democrats from positions in the New York Custom House still goes on and is likely to continue till the 4th of March. The alleged reason is a desire to institute reform. The anxiety of the administration to put the business in good order for the next administration would have been more creditable to President Cleveland and Secretary Fairchild if it had begun earlier. There is danger that it will prove too late to cover up the stealings that have been going on for the last four years.

BOULANGER was elected to the French Chamber of Deputies yesterday by 82,000 plurality. The result is surprising; there appeared to be nobody in Paris capable of predicting on Saturday whether the adventurous leader would be successful or not. Politics in France have not yet become subject to such thorough organization and discipline as in the United States, else such a decisive result would have been easily foreshadowed a week ago. France is divided into departments, each of which elects several deputies, very much as if the state of New York elected all of its representatives by departments as large as the judicial districts. When a single vacancy occurs, the whole department votes for the succession. Thus all Paris, which is one department, voted for a single deputy yesterday. And Paris declares for Boulanger by four-sevenths of its total vote. This was all that Boulanger asked for to sustain his assumption as the leader of France. The result looks towards the enlargement of the authority of the President and a corresponding limitation of the power of the National Assembly. And yet it can hardly be called a menace to the restoration of the Empire, for the accomplishment of the utmost extreme of Boulanger's purposes would not extend the President's authority to an equality with that of the executive of the United States. The election passed off so quietly, and the demonstrations that followed a knowledge of the result so good-natured and decorous, that the successful General has established a new claim to the confidence of France. He gathered together the most turbulent elements of the population and wielded them to his purpose with a skill that has not been surpassed since the disappearance of Gambetta. The results, however, are not likely to prove serious. Republican principles are too well grounded in France to be put in peril by this wily but widely distrusted adventurer. Paris is not France, any more than the metropolis at the mouth of the Hudson is the state of New York.

DULUTH, Minn., Jan. 28.—Fire was discovered in the Grand Opera House shortly before 2 o'clock this morning. At 3:30 A. M., the building was a total loss. A row of frame buildings, next to the Opera House, was in great danger. The Post-Office near by was consumed. All the mails were removed. The Hotel St. Louis, just across the street, was threatened, and the guests moved out. From the Opera House building State Senator Whiteman was removed in a dazed condition. Many of the tenants lost their effects. The tenants on the ground floor of the Opera House building were Boyc & Folman, druggists; J. T. Condon, furnishing goods; general offices of Wisconsin Central Railroad; W. C. Sargent, coal and wood; Osborne & Frazier, dealers in safes; M. M. Gozer, groceries, and Sieg Levy, wholesale liquors. Up stairs on the first floor were the offices of lumber firms and lawyers, and on the second floor the Chamber of Commerce, music rooms, etc. The Opera House was owned by Munsell & Markell and cost $112,000, insured for $70,000. The total loss will reach $200,000 or more. The front wall of the Opera House fell into the street, but no one was hurt.

CATHOLIC CHURCH DEDICATED

In Baltimore Yesterday—Cardinal Gibbons spoke About Infidel Sunday School.

By Telegraph to The Freeman.

BALTIMORE, Md., Jan. 28.—At the dedication of the new Catholic Church, St. Paul's, on North-Carolina-street, yesterday, Cardinal Gibbons, in the course of his sermon, said: "We were informed recently by the daily newspapers that a certain anti-Christian Sunday School was organized in this City for the purpose of advocating an infidel doctrine. Several ministers appealed to the municipal authorities to suppress the school. For my part I would be sorry to see the arm of the civil law used toward the suppression of this school. Coercion is not conversion. Our Divine Saviour never had recourse to the arm of the law or the sword in teaching his doctrine. The only weapons we ought to use are the weapons of argument and persuasion in dealing with this school. The only sword I would draw against the enemy of Christ is the sword of Spirit."

REPRESENTATION IN CONVENTIONS.

What a Table Compiled by the "Albany Evening Journal" Shows.

By Telegraph to The Freeman.

ALBANY, Jan. 28.—The Republican State Committee, at the suggestion of Warner Miller, on August 25, 1885, adopted as a basis for future State Conventions, a representation of one delegate from each Assembly district, with one additional delegate for each 1,000 votes or fraction thereof, cast in each Assembly district, for Presidential Electors, at the last election. Applying this rule to the vote cast for Harrison and Morton the *Albany Evening Journal* has completed a table showing the composition of the next State Convention. The table shows that there will be 775 delegates against 698 last year. The increase will be in the following counties: Albany, Broome, Cayuga, Chautauqua, Chenango, Cortland, Delaware, each 1, Erie 4, Franklin, Fulton and Hamilton 1, Herkimer, Jefferson each 1, Kings 15, Livingston 1, Monroe 4, New-York 15, Niagara 1, Oneida 2, Onondaga 3, Ontario, Orange, Oswego 1 each, Queens 3, Rensselaer, Richmond 1 each, St. Lawrence 2, Schenectady, Schoharie, Seneca each 1, Steuben 2, Suffolk, Sullivan, Tioga, Tompkins 1 each, Ulster 2, Washington, Wayne each 1, Westchester 2, Wyoming 1. THAT BROOKLYN "TIE UP."

It Is Rumored this Afternoon that the Strike Of Street Car Drivers Will be "Extended."

By Cable to The Freeman.

PARIS, Jan. 28.—General Boulanger was elected in the Department of the Seine by an overwhelming majority, yesterday.

In consequence of the victory of General Boulanger, yesterday, the Ministry tendered their resignations, this morning, but President Carnot declined to accept. The Republican journals, while admitting the election of Boulanger is a serious reverse, declare it is not sufficient to discourage the party, which must unite more closely against the threatened Cæsarism.

The Monarchist papers assert that the result of the election is a condemnation of the Parliamentary Republic and presage its downfall.

The Boulangist organs emphatically declare that the election is a blow to the Government.

The *Figaro* says at to-day's session of the Chamber of Deputies M. Jouvenal, Radical, will question the Government as to what measures it will adopt to check the spread of Boulangerism. Premier Floquet will reply at length.

Several arrests were made last night, but no serious outbreaks occurred. An election was held yesterday to fill a vacancy in the Chamber of Deputies for the Department of the Cote D' Or. Baray, the Republican candidate, received 25,545 votes, and Prost, Radical, 22,783. Eleven thousand, seven hundred and seven votes were cast for Boulanger.

Some members of the Chamber of Deputies advocate strong anti-Boulangist measures by the Government. They urge that General Campenon be asked to form a Cabinet.

President Carnot held a conference, this morning, with many men prominent in political life. It is the President's intention to calmly await events and to accept all responsibility the situation involves. He will not abandon the Presidency until the expiration of his term. Prime Minister Floquet has decided to resign or to take any other action that the Chamber of Deputies may consider that the interest of the Republic demand.

J. D. FISH'S SENTENCE COMMUTED.

Reasons Given Therefor by President are Advancing Age and Ill Health.

By Telegraph to The Freeman.

WASHINGTON, Jan. 28.—The President has commuted the sentence of James D. Fish, formerly President of the Marine National Bank, of New-York, who was convicted in April, 1885, of misapplying the funds of that bank and sentenced June 27, 1885, to 10 years' imprisonment in the State Prison at Auburn, N. Y., upon the first count of the indictment with the statement that judgment for a like punishment will be entered upon conviction had under 10 other counts of the indictment. The President's endorsement in this case is as follows:

"This convict is 69 years of age. Prior to his conviction he was trusted and respected by all who knew him, and all his dealings and intercourse with his fellow men, both in business and social life, had been such as to secure their confidence and esteem. In the view I take of the application for his pardon there is no occasion to refer to the nature of his offense, nor to comment upon the evidence upon which his conviction rests, further than to suggest that this is a case in which the actual and wilful intents to defraud depend upon influences somewhat uncertain. I have rarely, if ever, seen a petition for Executive clemency signed so numerously as the one presented in this case by citizens of great respectability and business standing. The prisoner, since his conviction, has aided the administration of the criminal law by giving valuable testimony upon the trial of another offender. He has endured his imprisonment thus far with all the fortitude and resignation possible, and has been scrupulously obedient to all prison rules and regulations. Medical proof produced before me fully establishes the fact that, with advanced age and serious disabilities and by reason of his confinement, he is physically and mentally fast failing, and I am satisfied that he will not survive his imprisonment if much longer extended. Every object sought to be obtained by the punishment of crime will be accomplished, in my opinion, by a commutation of the convict's sentence to imprisonment for a term of five years and six months, with allowance of deduction for good conduct. Such commutation is therefore granted."

THE STREET CAR TIE-UP CONTINUES.

Rumors that it will be Extended to New-York City.

By Telegraph to The Freeman.

NEW-YORK, Jan. 28.—Rumors were afloat this morning that several of the surface car lines in this City would be tied up in sympathy with the men on Deacon Richardson's lines in Brooklyn, but up to noon every line was running. There is little probability that the tie-up will extend to this City, at least until the resources of District 75 have been exhausted in Brooklyn. The situation there is very serious. Thousands of the strikers and their sympathizers surround the offices and stables of the Atlantic-avenue lines, and five Italians who were seeking work this morning were severely beaten.

Those who are now receiving a less pension under special acts are to be entitled to the benefit of this act.

THE LIMITATIONS OF FREE SPEECH.

The Chicago courts have decided that men may talk anarchy and threaten dynamite as long as their professions and teachings do not eventuate in acts. To suppress the warriors who fight with their mouths would, it is held, be an infringement of the constitutional and sacred right of free speech. Whether this decision will apply to the Anarchist Sunday schools is a pretty grave question for Chicago and all other parts of the country infested with Anarchist teachers. These schools are attended not only by the children of the people who establish and maintain them, and who quite naturally are supposed to be furnishing similar instruction to their families at home, but by all others who can be induced by proselyting to become pupils. The "waifs," who have no parents responsible for their training, the vicious who have passed beyond parental restraint, and all of that large multitude who would without the aid of these schools graduate in the criminal classes, are attracted, and are being taught that the law is not a thing to be feared but despised, and that by the strengthening of the Anarchist forces it can be broken with impunity. These schools are breeding nests of crime as pernicious as thieves' dens, gambling hells, prize rings and all sorts of disorderly places. To throw around them the protection of law is to give them the very support that they affect to despise, for they teach that government is oppression, that law is slavery, that courts are engines of monopolistic greed, and that the ownership of property is a system of fraud, theft and robbery. It would be strange if our laws should fail to find the means for suppressing these incendiary institutions, destined if unmolested to become the nurseries of a new political party made up of the most vicious and dangerous elements, and sure to find abundance of shrewd and accomplished leaders whose consciences never interfere with any means or policy which would further their ambition to live upon office.

The South has found a way to suppress the Mormon missionaries, and the public sentiment of the country sustains it. If the judicial decision in regard to the Chicago Anarchists is correct, then there is a public sentiment opposed to its practical results strong enough to carry through a constitutional amendment if it is needed. The Anarchists are teaching us that even free speech can become too free, and that it can be placed under certain restrictions to the advantage rather than the injury of every good citizen.

THE WILL OF THE MAJORITY.

The Democratic Philadelphia *Record* is fighting the proposition to establish prohibition in Pennsylvania "as an invasion of personal right to which men will not submit." "Our scheme of government," it declares, "never contemplated such a relinquishment of private judgment to the will of the majority. There are some inalienable rights with which the will of the majority has no business."

This is extraordinary doctrine. It proposes to subvert the decision of that tribunal of last resort, the people, in support of a single interest which is full of pernicious effects because of its law-defying character. A dozen states have placed prohibition laws upon their statute books and are punishing men for violating them. These men are not conceded the right to sell as something "inalienable" when the law decrees that they shall not sell. And really the law does not oppose them. It leaves other vocations open to them which they will be permitted to pursue without molestation.

The opponents of high license, prohibition, and all laws for the regulation of the liquor traffic, are continually confounding the inalienable right to drink with the always conditional right to sell intoxicants. The law does not interfere with the rights of the citizen to drink or even to get drunk, if he does either on his own premises and without offense or injury to the rights of others. But because one man can lawfully get drunk, it is the height of impudence for another to set up the right to sell him the stuff that makes him drunk. The same logic would give one man the right to murder another who had attempted suicide.

The people must decide. If they say that a certain right is not inalienable or shall be forfeited, then it must be forfeited. If Pennsylvania votes for prohibition, as now seems probable, there will be prohibition, and no alleged right of a certain class, "inalienable" or otherwise, will stand in the way. But the right to drink and to get drunk will be as secure as ever, provided it is not permitted to interfere with the rights of others.

AN EASY DISPOSAL OF A CONTEST.

There is a contest over the election of Congressman in the first Indiana district. The Democratic candidate was awarded the certificate of election on a showing of 20 majority, but the Republican candidate charged fraud, and proposed to make a contest in the House. But the resignation of Gen. Hovey, who is now the Governor of the state, creates a vacancy in the present Congress, which is to be filled by a special election. Both of the candidates who ran last fall have been nominated to fill this vacancy, the term of which expires on the 4th of March next. Now these candidates have entered into an agreement that the one who is elected for the short term shall hold the office for the succeeding two years without a contest. This is a cheap and honorable way of settling the matter, and also an indication that the election of a Republican Congress and of Republican state officers in Indiana has placed the Democratic candidate in an accommodating frame of mind. He would never have agreed to put his certificate of election at risk, or run for the vacancy, if Congress and the Indiana Governor were Democratic.

THE CHURCH AND THE REPUBLIC.

Cardinal Gibbons of Baltimore took occasion to "speak his mind" yesterday in reference to the establishment of an anti-Christian Sunday school in that city. He said he would be sorry to see the arm of civil law used to suppress the school. He further said the only sword he would draw against the enemies of Christ was the sword of the Spirit. The Cardinal may be right from his standpoint, but infidelity and anarchy are so closely allied in these modern days that the strong arm of the law will have to be invoked to secure the right to worship God according to the dictates of one's conscience. When infidelity prevails the Christian Sabbath will be lost both as a day for worship and a day for rest. This Republic is founded on a Christian basis, and when the desires of infidels prevail the Republic may not.

—*Washington Critic.*

Another one of Brigham Young's widows has just died. The remainder will furnish occasional paragraphs away over into the next century, the last one dying in the ubiquitous fashion set by George Washington's nurse. It is fortunate for the National Treasury that Brigham didn't take a hand in the late war and get killed for a pension.—*Washington Post.*

Within a few weeks Mr. Cleveland will retire from office, and one of the most singular, and, in a way, interesting careers in American politics will probably come to an end. Is is possible, of course, that in its dearth of leaders and policies the Democratic party may put him forward again in 1892; but judging from the feeling with which he is at present regarded by it, this is not probable. There is little doubt that the great mass of Democrats believe that they owe their defeat to Mr. Cleveland's personal blunders, growing out of his intense egotism and lack of experience in public life. The precedents, so far as they go, are against his success in being either nominated again or elected. Only seven of our Presidents have been re-elected, and in three of these cases—those of Washington, Lincoln and Grant—the circumstances were phenomenal. All were re-elected while in office, and no President has succeeded in regaining the place after having once retired from it. Van Buren, who was defeated for re-election by President Harrison's grandfather, was afterward twice a candidate, once for the nomination and once before the people, but was unsuccessful upon each occasion. No ex-President has ever been renominated by his party after a term of retirement, the nomination of Van Buren in 1848, just referred to, being in fact a bolt, by means of which his own party was defeated.—*New-York Tribune.*

Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend.

Dr. King's New Discovery for Consumption, Coughs and Colds is sold on a positive guarantee.

A NEAT REJOINDER.

A witty and attractive young lady asked, "What's the difference between myself and a clock?" "Mademoiselle, the the clock tells the hours and you make us forget them," was the reply. The effects follow ing the use of Tutt's Liver Pills is to make one forget the hours of suffering following dyspepsia, deranged liver and biliousness. "Go on with your good work, and may God bless you," says J. W. Tibbatts, of Dakota, Minn., in a recent letter to Dr. Tutt.

"There are moments when silence prolonged and unbroken
More expressive may be than all words ever spoken."

Look at that wan and wasted woman, once the picture of health, now so pallid. She cannot begin to tell her sufferings, but as from day to day she goes through the house, attending to her many cares, her attenuated form, her white face, her stooping shoulders, her pinched features, all tell that she is a silent martyr to disease. Her once cherry voice is seldom heard, but her silence tells her sufferings more than words can do. O! ye silent, sorrowing, suffering, sisters, there is a cure for your troubles; Dr. Pierce's Favorite Prescription is a sovereign remedy for the derangements and maladies peculiar to your sex. As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, semstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, "Favorite Prescription" is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

ADVICE TO MOTHERS

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? ★ BRIGHT'S DISEASE. ★

A Ten-Year-Old Child Saved After the Failure of Four Physicians.

My little girl, ten years of age, was taken sick in March, 1888, with scarlet fever. When recovering she took a severe cold, which developed Bright's Disease of the Kidneys. Her ankles, feet and eyes were terribly swollen, she had a burning fever, and all the symptoms of an aggravated case of Bright's Disease. Four of our best physicians attended her, but without success, and

Her Life was Despaired of.

But a mother's love and prayers surmount all difficulties, and I determined to try Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. This was a last resort, and I hoped, although my little daughter's case was a very severe one, that the Favorite Remedy would do for her what it had done for others whose condition had not been, seemingly, as hopeless. How happy I am that I determined upon this course—for an improvement was at once perceptible. The fever left her—her appetite improved—she gained six pounds in a short time, and one by one the well known and dreaded symptoms of the disease left her. Words fail to express my gratitude and I cannot too earnestly recommend the Favorite Remedy. It was

A MARVELOUS RECOVERY

and is due entirely to the Favorite Remedy, which was the only medicine taken after her case was abandoned by the physicians.

Mrs. Laura A. Kempton, West Rutland, Vermont.

The diseases that follow Scarlet Fever, Measles, Diphtheria and various other complaints often leave behind them sequellas of the most obstinate and dangerous character. To expel all traces of such disorders, tone up the various organs, and fill the veins with pure and nutritious blood, use

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. WHICH WERE ORDERED ISSUED BY THE BOARD OF SUPERVISORS,

To Meet and Pay Portion of Bonds Falling Due in 1889; Others for the Erection Of Iron Bridges in the Town of Shawangunk—Coupons.

AN ACT of the Board of Supervisors of Ulster County to issue bonds of said county to meet and pay a portion of the bonds of said county, falling due in the year 1889, passed by a majority of said Board at its annual session held 1888, by virtue of chapter 75 of the laws of 1878, and acts amendatory thereof.

Passed December 7, 1888.

FIRST. That there be borrowed on the credit of the County the sum of fifty thousand dollars ($50,000), and that bonds of the County of Ulster be issued therefor and sold in the form and manner hereinafter provided, and that the proceeds of said bonds be used in the payment of fifty thousand dollars of the bonds of said County falling due on March 1st, 1889.

SECOND. That said bonds shall be issued and signed by the Treasurer of Ulster County in the name of said county and shall be countersigned by the Chairman of the Board of Supervisors thereof, and each of said bonds shall bear the seal of said county and shall be issued in amounts or denominations severally as the said Treasurer and Chairman shall deem best.

Such bonds shall be in the same general form as was used in the bonds issued in pursuance of a resolution of this Board adopted February 8th, 1884, except as modified hereby, and shall bear interest at the rate of 3 per centum, payable annually at the office of said County Treasurer on the first day of March in each and every year until the principal sum of said bonds shall become due, which interest shall be payable on the presentation and surrender of the respective coupons for each year, attached to said bonds. The interest on said bonds shall cease at their maturity. That said bonds shall be due and payable on the 1st day of March, in the year one thousand nine hundred, at the office of the said County Treasurer. Said bonds shall bear date and draw interest from March 1st, 1889.

THIRD. The said County Treasurer shall sell said bonds at public auction at the Court House, in the City of Kingston, in said County, on the third Tuesday of February, 1889, and shall receive the proceeds of such sale, provided, however, that said bonds shall not be sold for less than par. Notice of the time and place of such sale shall be given by advertising the same in the Kingston Leader and Kingston Freeman for three successive weeks immediately preceding the day of such sale.

FOURTH. The moneys arising from the sale of the new bonds as herein provided for, shall be applied to the payment and satisfaction of the bonds falling due as aforesaid, and any surplus arising from such sale shall be placed by said Treasurer to the credit of the County of Ulster. And said Treasurer shall immediately cancel all such bonds as shall be paid, retaining the same in his possession, in good order, for examination and review; and he shall make and file a verified certificate in the office of the County Clerk of said county, showing the number and amounts of the bonds so cancelled, and of the new bonds issued.

FIFTH. Said County Treasurer shall receive proposals for engraving and printing such bonds, and shall let the same to the lowest responsible bidder, and the expense of engraving, printing and advertising shall be paid by said Treasurer.

SIXTH. The said County Treasurer before issuing and selling said bonds, shall execute his bond in the penal sum of one hundred thousand dollars, with sufficient sureties, conditioned for the faithful performance of his duty in the issue of said bonds and the lawful application of the funds arising therefrom, and the full accounting thereof, and of the funds which may be raised by tax for the payment thereof, which may come into his hands annually, to the Board of Supervisors, or at his option, to procure the assent in writing under the hands and seals of the sureties on his official bond to the additional responsibility or liability hereby imposed on such Treasurer, such assent to be in the form heretofore used in such cases.

SEVENTH. The Board of Supervisors of Ulster County shall cause to be levied by tax upon the taxable property of said county and collected and paid annually such sums as may be necessary to pay the interest on such bonds, and shall in like manner cause such sums as may be necessary to pay the principal sum of said bonds when the same shall become due, and the said County Treasurer shall apply the money so collected and paid to the payment of said principal and interest.

Pursuant to the directions of Chapter 482 of the Laws of 1875, we do hereby certify that the foregoing is a correct copy of An Act passed by the Board of Supervisors of Ulster County at their annual session in the year 1888, a majority of all members of the Board voting in favor of the passage of the same.

IN WITNESS WHEREOF, we have set our hands as Chairman and Clerk of [L. S.] said Board, and affixed the seal of the Board of Supervisors of Ulster County.

C. M. WOOLSEY, Chairman.
E. B. WALKER, JR., Clerk.

SPEECH OF KING HUMBERT, OF ITALY.

He Says the Policy of His Country Will Continue Peaceful.

By Cable to The Freeman.

ROME, Jan. 28.—Parliament was opened to-day by King Humbert. In his speech the King alluded to the bills which would be introduced by the Government as eminently pacific. Peace, he declared, should nevertheless be safe-guarded by the necessary forces. Otherwise the Government would betray the country. The demonstrations made during his visit to the Province of Romagna gave fresh proof of the people's affection for the Royal House. The visit of the Emperor of Germany has proved the depth of Germany's attachment to Italy. In conclusion the King said: "Italy will continue to work for peace, which all desire, and which I can declare will be kept by us."

Military Protection Asked by a Superintendent of Mines; Request Granted.

By Telegraph to The Freeman.

ELLENSBURG, W. T., Jan. 28.—Sheriff Backwood has received a message from Superintendent Roslyn, of the coal mines, requesting him to furnish protection to 45 new miners who will arrive from Illinois to-day. It was the intention to bring 390 men in one train, arming them all, and thus be able to cope with the discharged men. The Sheriff will take a force of 75 men to do guard duty, and if necessary will call on the militia.

INFERNAL MACHINE ON HIS DOOR KNOB

The Life of the Mayor of Oswego in Danger, This Morning.

By Telegraph to The Freeman.

OSWEGO, Jan. 28.—This morning, Mayor H. D. McCaffrey found an infernal machine attached to the knob of his office door, in the City Hall. The machine failed to explode. When opened it was found to contain springs and wires connecting with two large cartridges filled with an explosive. Mayor McCaffrey says he is at a loss to know who it is that wishes to destroy him. The matter was referred to the police.

A Dangerous Plaything.

By Telegraph to The Freeman.

CHICAGO, Jan. 28.—Charles Owen, aged eight, went to a neighbor's house, yesterday, to play with William and Alfred Marks. William, who is 15 years of age, got his father's revolver, and, as he supposed, removed all the cartridges. He then put the muzzle to the Owen boy's head and pulled the trigger. Charles fell dead with a bullet in his brain.

Journalistic.

[From an Exchange.]

When we are thinking of the great city papers and of the influence they exert, we are apt to overlook the important place occupied by the country newspaper—the local news-gatherer of our villages and small cities. It has come to be a habit in some circles to look on the life of a country editor as thrown away, or at best only partially successful. Of the things that make the village paper seem an undesirable field for work perhaps the chief is lack of circulation and "a consequent reducing of one's powers to the level of the circulation," as one writer has said. True, lack of circulation is a drawback in more ways than one, but it is no excuse for the withholding of one's powers in the make-up of the paper. People who live in the country have minds just the same as those who live in a city; and we have every reason to suppose that they appreciate a good thing when they see it, just as their city cousins do. If they do not, why do live, breezey country papers always have so much larger circulation than those that are sleepy and merely give the news without comment? The American public admire pugnacity. The people like a paper that is no respector of persons, but hits right and left, and they often desire the petty personalities which it is wrong for any paper to print. Bold opinions, boldly advocatad, always attract appreciative audiences, and the more of this quality of boldness a country editor possesses the larger will the paper's circulation be.

MORE CABINET MAKING.

SOME CONJECTURES TELEGRAPHED FROM THE NATION'S CAPITAL.

The Names for Places Prominently Mentioned are Blaine, Allison, Alger, Wannamaker and Estee—General Harrison Silent.

By Telegraph to The Freeman.

WASHINGTON, Jan. 28.—A party of Senators, in discussing Cabinet matters, yesterday, said the key to the whole position in the construction of the Cabinet now lies in the result of the conference between General Harrison and Senator Allison. If he accepts the Treasury portfolio, as the President-elect is anxious he should, the remaining personnel can be adjusted very speedily, for the reason, as is known that the selections for the other places have been practically settled. In this event Blaine will be Secretary of State, Allison Secretary of the Treasury, Alger Secretary of War, Wannamaker Secretary of the Navy and Estee or Swift, of California, Secretary of the Interior. A Southern man will be selected, possibly, for Attorney General, leaving the Post-Office and the Agricultural Departments to be disposed of from New-York or Ohio.

J. G. Blaine and wife are keeping very quiet. Mrs. Blaine has declined all invitations to go out to dine. The ex-Secretary, however, has made his appearance at several receptions, and has accepted a number of invitations to dinner. Mrs. Blaine, like Mr. Blaine, is the picture of health, and visits a few old friends. She is not at home formally, but receives her intimate friends when they call.

SPECIAL BUSINESS NOTICES.

Sound Advice—We conscientiously recommend our readers to try Salvation Oil in all cases of rheumatism. Sold by all druggists for 25 cents a bottle.

THOSE WHOSE BUSINESS

Oblige them to travel, and who labor more or less under Chronic, Consumptive, or Bronchial Coughs, should not fail to carry with them a bottle of Dr. David Kennedy's Cherry Balsam, taking it occasionally in small doses as they may feel the need. The cough will abate almost on the instant, and the breathing and expectoration become more easy and free. It sooths any sense of irritation that may exist, subdues inflammation or soreness in the lungs, throat and air passages, and prevents attacks which are always embarrassing, and may prove serious during an absence from home. No other preparation offered to the public possesses anything like the power of this one over these common and dangerous complaints. Dr. Kennedy, whose high standing in the profession is well known, strongly recommends it from the standpoint of a physician—a fact to which the people will attach the importance it demands.

"THAT DIABOLICAL APPARATUS, the stomach," is the energetic phrase which Carlyle applied to his own troublesome organ of digestion. The great essayist was a dyspeptic from his youth; but had he used Dr. Pierce's Pleasant Purgative Pellets he might have shaken off the incubus of indigestion, "like a dewdrop from a lion's mane," and there would have been more "sweetness and light" in his writings and his home. I have been a great sufferer from catarrh for over ten years; had it very bad, could hardly breathe. Some nights I could not sleep—had to walk the floor. I purchased Ely's Cream Balm and am using it freely, it is working a cure surely. I have advised several friends to use it, and with happy results in every case. It is the one medicine above all others to cure catarrh, and it is worth its weight in gold. I thank God I have found a remedy I can use with safety and that does all that is claimed for it. It is curing my deafness.—B. W. Sperry, Hartford, Conn.

The scholars gave recitations in English and in Hebrew. The Rev. D. Wolf, Rabbi, addressed the children and parents. Presents were distributed.

A mission was opened in St. Joseph's Church, Kingston, at 10:30 o'clock on Sunday forenoon, under the auspices of the Jesuit Fathers, of New-York City. The opening sermon was by the Rev. J. Pimmell, of New-York City. At the opening service the Rev. Francis McCarty, of New-York City, preached. There will be services every day this week, as follows: 5 A. M., mass; 6 and 8 o'clock, A.M., mass; 9 A.M., mass, with sermon; 3:30 P. M., service of the Way of the Cross; 7:30 P. M., Rosary, Sermon and Benediction of the Blessed Sacrament. The services will be conducted by the Rev. Fathers Pimmell and McCarthy. The mission will close on Sunday, February 3. A mission under the same auspices will be opened in St. Ann's Church, Sawkill, the out-mission of St. Joseph's on Sunday next.

SAUGERTIES RELIGIOUS NOTES.

The revival meetings in the M. E. Church will be continued. Much interest has been manifested.

Regular preaching services were omitted in nearly all of the churches, last night, owing to the storm.

The two Chinese residents in this village attend the Reformed Sunday School and are taught by the Rev. N. F. Chapman.

SAUGERTIES Y. M. C. A. NOTES.

The members of the Saugerties Young Men's Christian Association held a special meeting in the Glenerie Chapel last night. J. K. Merritt conducted the service, and also made an address at the meeting on Sunday afternoon. His subject was "From Death to Life."

CHRISTIAN WOMEN'S WORK.

Thirty-five members have withdrawn from the Chatham Woman's Christian Temperance Union, on account of the Union adopting the platform of the Prohibition party.

WHAT ICE GATHERERS HAVE TO SAY.

The Outlook for Securing "Crops" is Not Encouraging—Pond Ice Purchased.

Between Rondout and Rhinecliff the Hudson River was as open, this morning, as any day in the summer. Ice men say that the chances for cutting a crop of ice, this winter, are decidedly slim.

A Rockland County man's goose bone predicts 12 inches of solid ice on the Hudson River before spring.

John Avery, of Catskill, has sold his last year's ice crop of nearly 3,000 tons to John Clark, of Yonkers, at $1.50 per ton.

The Silver Lake Ice Company, of Buffalo, is building a large ice house on the banks of Brown Pond, Sullivan County, which it expects to fill.

TRIED TO ROB A U. S. MAIL WAGON.

A Man who has Disappeared From Vicinity of Westbrookville.

The United States mail wagon that passes through Westbrookville village, Sullivan County, was stopped in a lonely locality on "The Mountain" near there, a day or two ago, by a would-be robber.

The driver whacked the foot-pad over the head with a cudgel and then he drove on with the contents of the mail pouches intact.

Since an investigation has been in progress an individual who has resided near there, and whose reputation is not of the best, has left for parts unknown. This fact coupled with the circumstance that he has had a very sore head for a day or two, has given rise to the suspicion that he was the fellow who tried to rob the mail.

THE 14TH SEPARATE COMPANY.

The Home Guards to be Honored, and They and Their Friends to Make Merry.

The entertainment to be given by the members of the Fourteenth Separate Company on Thursday evening, in their Armory, will be one of the principal social events of the present week, and will doubtless attract a large number of the friends of the company. Marksmen's badges will be presented to members entitled to them—a sharp shooter's badge to Captain John VanEtten and a special company badge to First Sergeant J. S. Payntar. A Guard Mount and Dress Parade will be had, the whole to conclude with dancing in which the company's guests will take part. Goeller's full band and orchestra will be present.

DEPRAVED YOUNGSTERS ARRESTED,

For Using Indecent and Profane Language on the Public Streets of Marlborough.

The village of Marlborough has been greatly exercised, for a day or two, over the fact that two small children have been arrested for using indecent and profane language on the streets there. The result of the new juvenile crusade remains to be seen. The theory that many good people entertain that it is only in very large cities that youngsters air their depravity in public is being shattered.

Educational.

The children of Public School No. 11 enjoyed a sleigh ride Saturday.

A meeting of the Kingston Board of Education will be held to-night.

It is stated that the Rev. Edward Everett Hale wants the United States Government to pension all school teachers who have faithfully served for 50 consecutive years. That generosity would not deplete the Treasury seriously.

A New Boat.

Captain William B. Barnett, of the tug John D. Schoonmaker, contracted with A. McMullen, to-day, for a new tug-boat for use in New-York Harbor. The boiler and engine will be built by McEntee, Rondout. The boat will be about the size of the Schoonmaker. It will be completed May 1.

Industrial.

C. T. Kilbourne, of Hurleyville, expects to cut 2,000 cords of wood, this winter. He employs many men.

The Mount Adam Granite Company, of Warwick, Orange County, has a contract to furnish 1,000,000 paving blocks for the City of Brooklyn.

Real Estate Note.

Nelson Burhans, of Rondout, this forenoon, sold to William Williams, a lot on First-avenue, North-Rondout. The size of the lot is 40x140 feet.

JUST A WORD OR TWO BY THE WAY.

"The Freeman" in a Neighborly Way Refers To a "Steamed Contemporary."

And hence these tears of spleen and anger rise.—*Horace.*

It pains THE FREEMAN to notice that the apology of a morning newspaper printed in Kingston labors under the delusion that this journal has said "something mean" about it. THE FREEMAN could not say anything "mean"—the apology might have found a better word, though syntax and grammar are not its strong points—if it had tried. THE FREEMAN, on the contrary, in a quiet, neighborly way, has pointed out that whenever the apology has left the beaten track of its own exclusive field—the nasty, the bawdy and the vicious side generally of life—it has put its "foot in it." Take the mail service avalanche, for instance.

SOME UNIQUE "PERSONALS."

The apology's personals are a unique feature, and the way the names of judges, jail birds and wantons are "mixed up" shows a due sense of the eternal fitness of things, and is often the cause of many ladies and gentlemen beseeching that their names be "kept out of that paper." Ladies who object to having their names "mixed up" with keepers of low dens, unlicensed gin mill owners, etc., know nothing of the "society" that the apology represents. THE FREEMAN has also, in a neighborly way, pointed out that the apology has the monopoly of the "news field" announcing when cock fights will be held, also when such fights, in its elegant phrasecology, "come off."

THE "THANKS DEPARTMENT."

Its "thanks department" has been warmly commended, THE FREEMAN being especially pleased to see that the regulation notice in return for ice cream slops, left over from some church or society entertainment, is a one-quarter of a column. Thanks for cake and grapes average about a stickful. To borrow an editorial expression of the apology, there "are no flies" on it, which, being somewhat freely interpreted, signifies that in its estimation it leads in culture and delicacy of expression.

PUFFING PUGILISTS.

THE FREEMAN has also taken some pains, in a mild way of course, to point out that the apology "takes pride" in giving brutes like Kilrain and Mitchell glowing puffs in advance of giving exhibitions in this City, and that anybody can buy space in its news and editorial columns for any purpose desired, the price being about one and two cents a line respectively.

AMUSING "AMUSEMENT NOTES."

The most striking feature, however, of the "steamed contemporary" aforesaid is its "amusement notes." They are a joy forever to advance agents and managers of such actresses as Modjeska, Rose Coghlan, Rhea and others of that class, who have delighted—"igorant"—the apology probably meant to say ignorant—folks here and hereabout. Usually the bruisers and groggery keepers' organ gives such "shows" three or four lines; but let a crowd of 10 cent freaks come along, who can murder the Queen's English, the canons of good taste and the ethics of the stage, and then the apology fairly bubbles over. A column notice at least is given. Adjectives are heaped on top of adverbs. The parodies of actresses are described as being "away ahead of Mary Anderson" and "women of that class." "Women of that class" is good! It is simply delicious! THE FREEMAN has pasted in parallel columns the notices Modjeska, Rhea and other ladies have received with those given the 10 cent barn stormers who have been here during the past three years, and in a neighborly way has shown them to agents and managers, say of troups like that managed by William Gillette, Abbey, Palmer and others, and these gentlemen have simply been amazed at the wide extent of the apology's, culture, discernment, its knowledge of the eternal fitness of things, and the keen insight it possesses of the relative value of space and news.

RELATIVE VALUE OF SPACE AND MATTER.

It may be noted here, parenthetically as it were, that the relative value of space and matter is the apology's "main hold." If one of its representatives happens to wander into a fair or a saloon and is "handsomely treated," a column is in order the next morning. It makes no difference though there should be 50 matters of interest to the general public that call for notices of say a stickful each, the column puff "must go in." THE FREEMAN in its "igorance" decides day by day how much space it will give to churches, politics, amusements, Hudson River, Kingston City, literary and the other 50 or more departments of news, and then the matter is cut down to the space allotted, despite the fact that this, that or the other reporter or correspondent may have written a column on a given subject. And, by-the-way, it can be stated here and now that under no circumstance is an employe of this newspaper allowed to write up puffs for cigars or drinks or slop over some trivial matter because the Lord only knows who happens to be a speaking acquaintance of his.

ITS FILES AND NASTY CASES.

The apology is at home when it comes to nasty cases. Take its files, and it will be seen that it has made a specialty of giving prominence to reports of petty cases of intoxication in Recorder's Court, fights between corner loafers and puffs of free lunches served in saloons. THE FREEMAN caters to an entirely different class of people—the church-going, the home-loving, the law-abiding, the intelligent and the respectable; and its steadily increasing subscription list shows that the effort to print a pure, high class journal is duly appreciated.

MAD AS A HORNET.

No doubt it galls the apology to notice THE FREEMAN'S news being copied everywhere—nearly 5,000 articles were reprinted in 1888—but it ought not to show its venom so plainly, say as it did this morning, when it gave two-thirds of its entire editorial space to show how "igorant" the contributors of this journal are.

A LAUGHING STOCK.

And, finally, brethren, would THE FREEMAN have the apology one whit better than it is? Hardly. It is the laughing-stock of every trained newspaper man who reads it. The contrast between its news and the news printed in these columns is so markedly in favor of THE FREEMAN that it furnishes source of endless joy and an ever-feeling sense of superiority.

GOOD-BYE.

The top o' the morning to the apology and its word butchers!

A Hint to this City's Board of Health.

The correspondent of THE FREEMAN at Marlborough writes: "The officers of the Board of Health have adopted a measure which demands that all houses wherein any form of contagious disease exists, must be located by the display of a card upon which must be printed the name and character of the disease."

A Runaway in Rondout.

On Saturday night a team of horses attached to a sleigh, filled with boys and girls, ran away on Union-avenue, Rondout. The sleigh collided with a lamp post, and was badly wrecked. The children were thrown on the street on top of one another, but, strange to say, not one was injured.

Of Interest, Perhaps, to Gum Chewers.

A Kingston doctor recently noticed two Kingston girls chewing gum. He said: "It's a wonder that the continuous motion does not produce facial paralysis." It is a fact that a girl in Pennsylvania is suffering from facial paralysis caused by chewing gum and the doctors fear that it will be permanent.

Caught at Last.

A milkman, a Swede, in Little Britain, Orange County, who always "managed" to upset or spill his milk when the Inspectors came around, has been arrested and has paid a fine of $25.

A GOLDEN WEDDING HERE.

A RED LETTER DAY FOR A. O'REILLY AND WIFE, IN RONDOUT.

Services Held in St. Mary's Roman Catholic Church, This Morning—Congratulations From Archbishop Corrigan, Priests and Citizens.

Length of days is spoken of in the Holy Scriptures as one of the rewards, even on this earth, for those who serve God faithfully.—*Archbishop Corrigan.*

Blessings, congratulations and golden souvenirs of friendship and respect were showered upon Andrew O'Reilly and wife, in Rondout, to-day. It is the fiftieth anniversary of their wedding, and the occasion was celebrated in St. Mary's Catholic Church and at the venerable couple's residence on The Strand.

WRECKED IN THE ST. LAWRENCE.

Andrew O'Reilly was born in Ireland in 1814. At the age of 17 years he emigrated to this country. As was stated in these columns on Saturday evening, the vessel on which he sailed was wrecked in the Gulf of St. Lawrence, and all hands on board were drowned, except five passengers and five seamen. Among those who perished were two sisters of Mr. O'Reilly, the eldest of whom had three children, who went down to a watery grave with their arms around their mother. The little party lived on Cranberry Island for five days with nothing to eat but cranberries and raw mutton. They were rescued by the crew of the bark Thames, of London.

SETTLED IN RONDOUT.

After drifting around for a time Mr. O'Reilly finally settled in Rondout and engaged in business. He was successful and accumulated a comfortable competence, which he and his wife are enjoying in their old days. While here Mr. O'Reilly made the acquaintance of Miss Mary O'Reilly. She was born in Ireland and came to Rondout from Portland, Me., when seven years of age. Although bearing the same name the young lady was in no way related to him. Their acquaintance ripened into love, and on January 28, 1839, they were married at the residence of the bride's father, on the corner of Union-avenue and Mill-street, by the Rev. John Smith, a Catholic missionary, who conducted religious services at places along the Hudson River, coming to Rondout once each month for that purpose. The Rev. Mr. Smith's brother was a United States Senator from Maryland. The issue of this union was eight children, five of whom are living—the Rev. John C. O'Reilly, Pastor of a Catholic Church in the Buffalo Diocese; Mary Teresa, a Sister of Charity connected with St. Bridget's Academy, Tenth-street, New-York City; Joseph, who is in business in St. Paul, Minn.; Terrence, who lives in Washington, D. C., and Rosana, wife of Thomas Hickey, of this City.

RECALLING OLD TIMES HERE.

Mr. and Mrs. O'Reilly have always lived happily together. They look back with pleasure on the years that have fled and recall many happy reminiscences. There is probably not another couple in Rondout who have watched the growth of this City for so great a length of time as has Mr. and Mrs. O'Reilly. They can recall the time when Rondout was a mass of sand hills and a portion of Ferry-street and The Strand was a swamp. In those days cow paths were frequently used by people in going from one place to another in the village. Although the march of progress has long since obliterated all this, Mr. O'Reilly's narrative of old times hereabout is interesting.

IN ST. MARY'S CHURCH THIS MORNING.

At 9 o'clock this morning the anniversary services began in St. Mary's Church. There was a large number of people present. Mr. and Mrs. O'Reilly occupied seats near the altar. The Rev. John C. O'Reilly, assisted by the Very Rev. Dean Dougherty, formerly Pastor of St. Joseph's Church, Kingston, attended by two altar boys, celebrated High Mass. The son blessed his father and mother and gave communion to his sister—the Sister of Charity. While this was being done the sun's rays shone brightly through the windows, as if giving promise of a golden future for the aged pair. It was with emotion that Mr. and Mrs. O'Reilly beheld their son, who has consecrated his life for the cause of the Church, pronounce a blessing upon them after a half a century of married life.

A RECEPTION HELD.

At the conclusion of the ceremony a reception was held at the O'Reilly residence. Among the guests were the Very Rev. Dean Dougherty and Sister Elizabeth, of New-York; the Very Rev. P. Prendergast, Pastor of St. Mary's Church; the Rev. Father Jones and the Rev. Father Morris, Assistants, Rondout; T. O'Reilly and wife and Miss M. Brophy, of New-York; Miss B. Rourk and Lewis O'Brien, of Newburgh, three of Mr. O'Reilly's children, and many citizens.

CONGRATULATORY LETTERS.

Congratulatory letters to Mr. and Mrs. O'Reilly were read from persons who were unable to be present, among them being the one from Archbishop Corrigan, which was published in Saturday's FREEMAN. The visiting clergymen and guests shook hands with their aged host and hostess and congratulated them on having lived to celebrate such a rare and auspicious event.

A BANQUET AND PRESENTS.

A banquet was served at their home later on. The presents bestowed on Mr. and Mrs. O'Reilly were many and costly.

THE "GOOD OLD DAYS" IN ULSTER CO.

An Interesting Bill of Sale in the Possession of a Marlborough Man.

The correspondent of THE FREEMAN at Marlborough writes: E. A. Merritt has the original bill of sale of a slave to Josiah Merritt. It reads as follows:

The bill is dated March 28, 1793, and was witnessed by Sarah, Mary and Jacob DeGroot.

How Much "Oleo" is Sold Here?

J. K. Brown, State Dairy Commissioner, has sent notice to boarding house keepers calling their attention to the law against oleomargarine. The stuff is now sent by express from factories outside the State in boxes, barrels and tubs covered with sacking.

Horse Notes.

The snow was soft and "mushy" this afternoon, but fast horses were driven on Albany-avenue, Kingston.

LIBELS ON ULSTER COUNTY.

RAINSFORD'S RAVINGS GOING THE ROUNDS OF THE PRESS.

Honest and Industrious People Wilfully Slandered by an Episcopal Church Clergyman who Has Outlived His Usefulness—Some Comment.

The mind charmed by false appearances refuses to admit better things.—*Horace.*

The *New-York Tribune*, of Sunday, prints the following paragraph:

ULSTER COUNTY HAS MANY CHURCHES.

A writer in *Churchman* tells of the heathenism to be found in Ulster County, of this State, among the canal workers and quarrymen. But what he says of this section may be said in a measure of every section of the country. The fact of the matter is that the churches must make an aggressive fight all the time if they expect to retain even the nominal allegiance of the people. These Ulster County heathen are what they are simply because they have been overlooked by the churches until they are humanly past redemption. When you hear a church member declaring that the gospel is so potent that it can make its way to the hearts of men without human effort, you may be pretty sure that that man doesn't yet understand either religion or human nature. People sometimes wonder what is the necessity for so many services and sermons, and so much talk about religion. The fact is that in this way only can the churches beat back the paganism and animalism which are always ready to overthrow our dearly-bought civilization. Aside altogether from its spiritual character, Christianity is the guardian and preserver of our social life, and on this ground, to take no higher, it is the duty of every good citizen to aid it in its work. Instead of building jails for the lawless heathen in its borders, and hiring men to put them in, I think it would be much cheaper for Ulster County to pay the churches liberally to convert them. They should do it without pay, you say. I suppose even Paul the Apostle had to pay his fare when he traveled, though he was always willing to work, and I imagine he kept a pretty sharp lookout on the other saints to see that they didn't shirk their pecuniary obligations. In the apostolic days as well as now the people were called on to support the Church, and their liberality in this respect was one of the causes of its success.

HAS OUTLIVED HIS USEFULNESS.

As already stated in THE FREEMAN, the article in the *Churchman* was written by one Rainsford, an Episcopal Church clergyman who has out-lived his usefulness. If the vilest sinner in Ulster County has less conscience than Rainsford, he is indeed to be pitied. The *Churchman* article, in its entirety, is a gross libel, and it is a source of amazement to people here that the editor of a reputable religious newspaper should have printed such abominable stuff. Ulster County has its quota of people whose ways lie in the seamy side of life, but to say, as Rainsford has said, that nearly all the canallers and quarrymen and a large proportion of the men engaged in agricultural pursuits and their families are worse than the vilest kinds of brutes; that they trade off their wives, and sell their daughters to a life of shame, is such an outrageous and improbable falsehood that thinking people, even though they know nothing of Ulster County, will hesitate before they believe a one thousandth part of the scandalous statements made.

WILL DO WELL TO KEEP AWAY.

It is to be regretted that a paper like the *New-York Tribune* should be so carelessly edited as to allow the publication in its colums of a gross libel on hard-working and honest people. It is to be presumed that Rainsford's ravings will go the rounds of the press in certain localities. Rainsford, however, will do well to keep away from Ulster, for the wrath sometimes of a slandered, law-abiding community is something that is to be feared.

THE MORTUARY RECORD HEREABOUT.

Andrew Barrett, Sr., an Old Hudson River Engineer, Passes Away in Rondout.

On Saturday afternoon Andrew Barrett, Sr., died suddenly at his home on the corner of Spring and Russell-streets, Rondout. Mr. Barrett had been hard at work that day and had not complained of feeling unwell. When he went home he laughed and joked with his wife and daughter-in-law. After shaving, he fell to the floor. He was carried to his bedroom and a doctor was sent for. He was beyond medical aid, however, for shortly after the doctor's arrival he expired. Death resulted from heart disease. The deceased was 59 years of age. He leaves a wife and three sons. Mr. Barrett had been in the employ of the Cornell Steamboat Company for about 40 years. He was one of the best known Hudson River steamboat engineers. When the Hon. Thomas Cornell was the owner of the steamboat Mary Powell the deceased was its engineer. He was also engineer of the steamboat Thomas Cornell, when that boat ran on the rocks at Danskammer Point in a fog and was wrecked. The old James Madison was another steamboat on which Mr. Barrett ran. At the time of his death he was engineer of the steamboat Valentine. Mr. Barrett belonged to the Marine Engineers' Association of this City, the members of which will attend the funeral in a body, and was also a member of the Boatmen's Relief Association. The funeral services will take place at the house at 2 o'clock to-morrow afternoon. The flag on the Cornell Steamboat Company's building is at half-mast.

Some seven or eight applications for membersship were read on Tuesday evening, besides which four admissions by card have been applied for.

Historic Old Houses Here.

People who occupy old houses in Kingston are sometimes inconvenienced by strangers calling to look at them. One day A. H. VanBuren, who lives near the Eagle Hotel, answered a summons. He saw a woman standing on the door-step. She said that her great grandfather married her great grandmother in one of the rooms of the house, and she wished to see it. The woman was a descendent of Major Dezeng, a Hessian officer, who held a position in the British army during the Revolution. He married a Long Island woman named Lawrence, and they resided here for several years.

THE RECORD OF CITY AMUSEMENTS.

The Hotchkin Family Concert Company—"A Tin Soldier"—"Held by the Enemy."

Notices of amusements given and of others announced to be given follow:

KINGSTON OPERA HOUSE, SATURDAY NIGHT.

Manager C. V. DuBois cosy and handsomely appointed place of amusement contained a large and appreciative audience Saturday night. Theater goers had been promised an artistic presentation of William Gillette's most successful play, entitled, "Held By the Enemy," and they were not disappointed. The plot has been described heretofore in these columns, and the flattering notices given in advance of the company's coming, Saturday night's presentation evidenced, were fully merited. The company is composed of the actresses and actors who filled the long engagement of 700 nights in the Madison Square Theatre, New-York City, and all of them are artists. Many of the scenes in the play are thrilling to a degree, and what is technically known as "stage business" was excellent. The waits between the acts were short, the applause was frequent and prolonged, and the music furnished by the orchestra was pleasing. The musicians, however, received "a hint" from the Stage Manager that they will be apt to remember for some time to come. It seems to be the custom here for orchestras to finish the "tune" being played regardless of signals from the Acting Stage Manager, to "stop right there." At the end of the third act, on Saturday night, the musicians, in order not to spoil the artistic effect of the rendition of the selection they were playing, did not heed the order of the Stage Manager. Twice the order was repeated, and the third time it was given in a way more forcible than polite. Then the orchestra suddenly stopped. In New-York City theatres the musicians cease playing the moment the signal is given, though they generally regulate the time to give a number so that it will be finished when the curtain is ready to be raised. If leaders in Kingston City would at once start up the music when the curtain falls at the close of an act, instead of dilly-dallying for five minutes or more, the public would be better suited than it now is.

"A TIN SOLDIER" TO-MORROW NIGHT.

A play of the farce order, entitled "A Tin Soldier," by C. Hoyt, an ex-journalist of New-England, will be presented in Kingston Opera House to-morrow night. The piece has received many flattering notices from critics in cities large and small. THE FREEMAN is assured that the company is a talented one, and that the appointments will be first-class. Several new songs will be sung for the first time, and one young actress will make her *debut*. The sale of seats has been large. There is every reason to presume that a full house will greet the first appearance of "A Tin Soldier" in this City. The doors will be opened at 7:40—curtain 8:20 o'clock; horse cars for Rondout 10:40, at close of play.

"THE HOTCHKIN FAMILY."

The "Hotchkin Family Concert Company and Bell Ringers," of Boston, Mass., will give an entertainment in the Sunday School Room of the Rondout Baptist Church, under the auspices of the Ladies' Aid Society, to-morrow evening. There will be sweet melody by Swiss bells, Munich bells, Chime bells, Russian bells and Norwegian bells. Miss H. Hotckin will give violin solos, and Miss A. Hotchkin, who is accounted the "best whistler in the universe," can be heard. Miss J. Hotchkin and Mrs. J. Bolles will perform on various instruments. This company recently entertained a large audience in the Kingston Baptist Church. The efforts of the performers were warmly commended. Rondout contains a large concert-going class of people, and the indications are that many of them will hear and see the Hotchkin Family.

BALL TO-NIGHT.

To-night the members of the Hauck Gymnasium Club, of Rondout, will hold their annual masquerade ball at Washington Hall, which will be preceded by an acrobatic and gymnastic performance. STOOD ON SLIPPERY PLACES

RATHER A TRYING SUNDAY FOR CHURCH-GOING PEOPLE.

In the Morning, the Rain Froze as Fast as It Fell on the Sidewalks, Making Much of Out-of-Doors Treacherous in the Extreme.

And thou, my friend, be not long at a distance from home.—*Homer.*

Rain fell heavily nearly all day along the Hudson River, on Sunday. In portions of the Catskill Mountains snow fell. Roads are in bad condition.

AN UNBROKEN LINE OF SLIPPERY PLACES.

In this City when the rain first began falling it froze on sidewalks, making the greater portion of out-of-doors a veritable sheet of glass, treacherous in the extreme to church-going people, who decided that they would "attend Divine service anyway." For blocks there was an unbroken line of slippery places for the godly and for the ungodly, and many of both classes fell heavily by the wayside.

A number of accidents occurred.

SKATING ON SUNDAY.

Dispatches from one or two points say that the somewhat unusual sight of people sliding along on skates on the Lord's day was witnessed. Whether or not the skaters hied themselves to church in that fashion is not stated.

GOVERNOR

E. C. Burleigh, of Maine, some time ago was troubled with boils on his neck. He took three bottles Brown's Sarsaparilla and was completely cured. Mr. Burleigh speaks in the highest terms of this medicine. It will eradicate from out the system all forms of blood poison or blood disease, cure salt rheum, scrofula, cancer or canker, and leave the interior of the system pure and clean, and the exterior glowing with health. Nothing will so thoroughly beautify the complexion, by cleansing the skin, as Brown's Sarsaparilla, which is unlike any other.

The business man who is closely confined; who works long hours; who is restless at night; who bolts his food; whose energies day in and day out are bent in one direction, finds the system thrown out of order, while a train of ills file in upon him. His food sours upon his stomach; he has dyspepsia; he becomes constipated; his head aches, and finds he can't do business with the vim of olde times. Just cleanse the walls of the stomach, sweep the kidneys, revive the liver and tone up the blood with a bottle of

BROWN'S Sarsaparilla.
